TEN BURNED
WHEN GAS
EXPLODES
ON BOATSubmarine Chaser 297 About
Destroyed at San Diego
This AfternoonONE FATALLY INJURED,
SOME OTHERS MAY DIEHolocaust Is Averted When
Flames Are Kept Away
From Magazine

SAN DIEGO, April 14.—Ten officers and men of the U. S. submarine chaser 297 were seriously, some fatally, injured here today when a 1000-gallon tank of gasoline on board exploded at 12:30 p. m. The chaser at once burst into flames. Prompt action by the fire department saved the hull and the chasers 299 and 300 which were anchored near by.

The seriously or fatally injured: Ensign A. Belknap, acting command.

Seaman E. W. Drake, J. P. Chadderdon, W. W. Conover, F. J. Baron, T. P. Porrego.

Four others still unidentified who were badly burned.

Ensign Belknap is not fatally burned. It was declared at the Emergency hospital.

The explosion was heard all along the water front and caused the greatest excitement. A fire alarm was turned in and the entire department rushed to the scene.

One officer and five men on the chaser were thrown clear of the ship by the explosion and were rescued from the bay by near by boats.

The chaser was partially wrecked. Reports from the hospital where the men were terribly burned. The burning clothing of some of the men was extinguished when they were hurled by the explosion into the water, which is believed to have prevented their death.

That a holocaust was narrowly averted became known late this afternoon. The small chaser had 1500 rounds of ammunition aboard and if the fire had reached the magazine the loss of life undoubtedly would have been terrific.

Seaman Baron will die, it was announced at the hospital.

The 297 arrived here Saturday with the sixteen other chasers after having done duty on the Atlantic coast during the war.

Preacher Beaten
In Battle
With Rich Farmer

SPOKANE, Wash., April 14.—The Rev. Charles Cunningham of Deep Creek, near this city, is in a critical condition today and George Van Dodge, wealthy farmer of Pendleton, Ore., is in the county jail here following an attack on the minister by the rancher after church services yesterday. After the services Van Dodge assaulted the minister, it is alleged. Family differences are said to have caused the row, Van Dodge charging that Cunningham made love to his wife.

Pickford Tells Why
He Held Off Denying
Navy Disgrace Story

LOS ANGELES, April 14.—Reports that he had been discharged from the navy in disgrace as a result of the investigation of instances where man had "bought" soft jobs, were vigorously denied in a statement issued here today by Jack Pickford, actor.

"I was granted a discharge which shows my standing was of the very highest and which recommended me for further enrollment," Pickford said. "The reason I have not denied recent reports which declared I was dropped from the service was that I had been ordered by the president of the court not to discuss the naval case in which I testified."

BULLETINS

CITRUS FRUIT MARKET
NEW YORK, April 14.—Forty-eight cars of oranges and five cars of lemons sold. Orange market 25 cents higher on best; unchanged on others. Averages, \$3.36 to \$6.09. Highest price, Gold Buckle, \$6.85. Lemon market steady. Averages, \$3.28 to \$3.90. Weather, fair; 8 a. m. temperature, 43.

NEW YORK, April 14.—Twenty-four hours ahead of time, the Atlantic fleet of 103 warships began steaming into New York harbor today. The first unit to arrive was destroyers, some of them bearing the marks of German shell fire. The vessels are those which cooperated with the British grand fleet in the North Sea during the war.

SACRAMENTO, April 14.—Bills before the legislature which are not passed by one house before tomorrow session adjourns, will be killed automatically. During the last week of the session each house can act only on bills coming to it from the other. Among the bills which may die, is the resolution calling for an investigation of the office of District Attorney Fickert of San Francisco; Assemblyman Allen's liquor abatement law; the Brooks Sunday closing bill, and the Hurley bill to allow reopening of a case in court if additional evidence were secured within a specified time.

LOS ANGELES, April 14.—The 364th infantry, composed of drafted men from Southern California, will parade in Los Angeles, telegrams received announced. The regiment has been split into two detachments. One detachment of nine companies will leave Camp Mills for Camp Kearny April 16. The other composed of six companies leaves Camp Upton April 20. Each detachment will parade on arrival here.

SAN FRANCISCO, April 14.—Victory Loan quotas for the various units for the twelve federal reserve districts were announced today. The Southern California quota is \$53,643,350.

WASHINGTON, April 14.—The Reed "bone dry" law does not prohibit transportation of liquor through a dry zone, the supreme court decided today.

MRS. PHOEBE HEARST'S
FUNERAL WEDNESDAY

OAKLAND, Cal., April 14.—Private funeral services for Mrs. Phoebe Apperson Hearst, who died yesterday at her home in Pleasanton, will be held at the home Wednesday morning. A public service will be held in the afternoon.

Mrs. Hearst died at the age of 76 following an attack of influenza which developed pneumonia. She had been in poor health for three years. At her bedside was William Randolph Hearst, her only son.

Mrs. Hearst's life was devoted to charitable acts. Among the institutions owing much to her is the University of California.

DEBS BEGINS 10 YEAR
TERM AT MOUNDSVILLE

MOUNDSVILLE, W. Va., April 14.—Eugene V. Debs, often Socialist candidate for President, today began serving his ten-year sentence in federal penitentiary here.

Debs gave himself up to federal authorities in Cleveland yesterday on arriving there from his home in Terre Haute, Ind. He was convicted some months ago of seditious utterances during an address in Canton, Ohio.

"PIE FACED" BURGLAR BUSY
SAN FRANCISCO, April 14.—The "pie faced" burglar is the latest. Police today seek the men who paused in their work of robbing a Valencia street pastry store to partake of pies and cakes. Twenty pies and cakes were eaten and \$20 cash stolen.

PRESIDENT
TO REPORT
ON PEACE
PROGRESSStatement Showing Work Is
About Completed May Be
Given World TodayGERMAN DELEGATES TO
BE CALLED APRIL 25Parliament to Ask Premier
Why Huns Not Ordered
To Pay War CostBY CARL D. GROAT
(United Press Staff Correspondent)

PARIS, April 14.—President Wilson was expected to make a statement today outlining the progress of the peace conference and showing the work is nearly completed.

The "Big Four" met unexpectedly from six to eight o'clock last night for the purpose of reaching an agreement on certain details that would permit Premier Lloyd-George to leave for London today. The premier requested information regarding a definite date for inviting the German delegates to Versailles, that he might inform Parliament. It is understood he was told "April 25."

Lloyd-George will be called upon to explain why the agreement regarding reparations does not include provision for Germany to pay the entire cost of the war when he faces Parliament tomorrow. President Wilson's statement was expected to assist Lloyd-George in showing the futility of trying to revoke the agreement on reparations.

PEACE COUNCIL OFFICIALS
BEGINNING TO TELL WORLD

BY ROBERT J. BENDER
(United Press Staff Correspondent)

WASHINGTON, April 14.—The peace council officials are beginning to inform the world of the progress of their deliberations.

Following publication of a summary of the new league covenant Saturday members of the "Big Four" this week are to further lift the curtain of secrecy and let their peoples know what they are doing.

Lloyd George is scheduled to address the British parliament tomorrow on the peace work. President Wilson, according to information available here, is also planning to issue a statement. Others may follow these.

The purpose of these public utterances at this time is to get the reaction from "back home" on their moves. It is fulfillment of the promise of "open covenants, openly arrived at."

Administration leaders today were optimistic in their discussion of the league of nations covenant as amended and believed it would meet all Republican objections.

"The changes in the covenant are very satisfactory," said Senator Hitchcock. "I think they must remove the objections raised by senators. President Wilson has won a great victory."

Senator Meyers, Montana, who objected to the league covenant originally, because it failed to safeguard the Monroe Doctrine, sees hope in the new draft, although still in doubt as to the exclusive right of the United States to regulate its immigration.

FIRST YANK TROOPS
ARRIVE FROM ITALY

NEW YORK, April 14.—The first United States troops to come from Italy arrived here today on the steamer Duca De Aosta, which sailed from Genoa March 29. Units aboard were the 352nd infantry, field and the following units were expected to embark today:

Companies G, H, I, K, L and M, 165th infantry of New York, on the Prinz Frederick Wilhelm.

Field staff, supply and headquarters companies and first battalion, 165th infantry, of Albany, North Carolina. Companies E, F, G, H, I and K of the 167th infantry, on the Montana.

Companies L and M, 167th infantry and the 151st machine gun battalion, on the Minnesota.

PASTOR RAPS TIGHT SKIRTS
LOS ANGELES, April 14.—Dr. Locke, Methodist minister, didn't tell his congregation last night tight skirts are immoral. He merely said they are "senseless, paganistic, and ugly," also "unsafe, unhygienic and utterly ridiculous."

"PIE FACED" BURGLAR BUSY
SAN FRANCISCO, April 14.—The "pie faced" burglar is the latest. Police today seek the men who paused in their work of robbing a Valencia street pastry store to partake of pies and cakes. Twenty pies and cakes were eaten and \$20 cash stolen.

Canine Hero Will Help Victory Loan;
Barney Returns From Fighting FrontNATION LEAGUE
ATTACKED BY
POINDEXTER

TOKIO, April 12.—Street riots throughout Korea are developing into violent riots, the war office declared today, announcing that six additional battalions of Japanese troops have been sent to Korea to assist in handling the situation.

The troops are being sent to Fusan and Gensan. Four hundred gendarmes are being rushed from Osaka to these points.

HUNS MAKE MILITARY
PREPARATIONS, REPORT

PARIS, April 14.—The Matin published an interview today with M. Broda, president of the Czechoslovak delegation representing the Slavs of Saxony and Silesia, who declared that Germany is secretly carrying on extensive military preparations.

According to Broda, the Germans are remobilizing thirty batteries of troops near Nuremberg, thirty near Sackheim and others in Prussia and Brandenburg, between the Baltic and the Czech frontier. Many war factories supposed to be closed are working, according to Broda. New tracks are being hidden in Kottous forest. Guns, shells, airplanes and machine guns are being moved into Silesia and Saxony. Broda charged that Field Marshal von Hindenburg is backing the military preparations.

JAP PEACE DELEGATES
AWAITING NEW ORDERS

PARIS, April 14.—Japanese peace delegates today were awaiting instructions from Tokyo for which they cabled Saturday following defeat of their amendment to the league of nations covenant providing for racial equality.

The Japanese are known to be fearful of disturbances in Japan, where feeling is said to be high in support of the amendment. They make no statement today pending receipt of word from their government.

CALIFORNIA SOLDIERS
ARE GREETED IN S. F.

SAN FRANCISCO, April 14.—California members of engineer, tank corps and machine gun units—veterans of many hot fights—were welcomed by the city upon their arrival at the Ferry building yesterday.

The detachment of 632 men included members of the 26th engineers, 24th, 305th, and 306th tank brigades and the 135th machine gun battalion, with 10 men of the 363rd infantry. They will be discharged at the Presidio.

FULLERTON SECURES
SITE FOR NEW HOTEL

FULLERTON, April 14.—C. C. Chapman and E. K. Benchley have purchased 150 feet fronting on Spadra road, at the southeast corner of Whiting avenue, from the Stern Realty Company. This property, with 75 feet adjoining to the south, the property of Dr. Wickett, Chapman's son-in-law, makes 225 feet frontage on Spadra, which, it is understood, will some day soon be made a site for a handsome hotel.

San Francisco Dog, One of
Few to Return From Red
Cross Work Abroad

SAN FRANCISCO, April 14.—Barney, the canine war hero of San Francisco, is going to do his bit in the coming Victory Loan campaign here and elsewhere in the state. Barney is one of the few dogs who went to the front and survived the shells and bullets and came back home.

Barney is a mixture of St. Bernard and collie. He is the property of Arthur Page, 1653 Baker street, San Francisco. Page and Barney enlisted in the 67th Coast Artillery, but Page left with the 46th leaving Barney with the 67th band. Barney went to France as a Red Cross dog. He was at the front at Verdun, St. Mihiel and the Argonne Forest. He was practically boss of the company.

Now Barney is back with his master, but he is going to be of much use in helping boost the big loan. Already he has begun work.

Kern County Fights
To Include Road In
State Bonds Issue

SACRAMENTO, April 14.—This afternoon or tomorrow the proposed \$40,000,000 state good roads bonds will come before the state senate for final disposition.

This has been bitterly fought by the Kern county people in the committee where they have tried to have the Walker's Pass-Kern River road included and, failing that, to have it put in place of the Bailey's Ranch-Lancaster stretch.

Both efforts failed, but a well-based suspicion exists that they will have their way either in the senate or assembly, chucking out the Bailey's Ranch route in favor of their own.

It looks today as if the Kern people had the result determined in their favor.

There is a very far-reaching and high-powered influence here favoring the Kern county contention: H. A. Jastro, the man who has long dominated Kern county, has the case in charge, and he has never marred his record with a losing vote.

Any amendment would seriously jeopardize the whole thing, and on that the supporters of the Bailey's Ranch route may be able to hold a very difficult person to put down first, and harder still to hold down.

It is probable that finally to avoid a delay of peril a compromise amendment may be offered which would include both routes.

EARL WILLIAMS LOVE
BALM CASE TOMORROW

LOS ANGELES, April 14.—The \$150,000 breach of promise suit of Roma Raymond of New York against Earl Williams, movie actor, will go on trial here tomorrow. Miss Raymond alleges that for five years she believed Williams would marry her and then he married Miss Florence Waltz.

RAINBOW DIVISION DUE
AT BREST TOMORROW

BREST, April 14.—The entire Rainbow division was expected to arrive in Camp Pontanezen from the front today. The latest arrivals include the 117th sanitary train, Battery F 150th artillery, of Indiana; headquarters companies A and B, 145th machine gun battalion, of Pennsylvania; 115th signal battalion, of Missouri.

SAXON WAR
MINISTER
SLAIN BY
SOLDIERSWounded Men From Hospi-
tals Hold Demonstration
to Fight Cut In PayMARTIAL LAW ORDERED,
REPORT FROM DRESDENMilitary Expedition Against
Munich Is Threatened;
Strikes Continue

COPENHAGEN, April 14.—

Martial law has been proclaimed throughout Saxony, according to a dispatch from Dresden today.

COPENHAGEN, April 14.—War Minister Nouring of the Saxon government was lynched by wounded soldiers from hospitals in Dresden, who were holding a demonstration against the reduction of their pay ordered by Nouring, according to dispatches from that city today.

Nouring was reported to have been thrown into the Elbe river and then shot as he tried to swim to the other bank.

BY RUDOLPH KOMMER
(United Press Staff Correspondent)

BERLIN, Apr. 12.—War Minister Noske has threatened to send a military expedition against Munich, according to advices received here today.

The situation in Munich is still confusing. Reports of the overthrow of the soviet government have not been confirmed, nor have later reports of a second coup restoring the soviets to power.

A soviet republic is said to have been proclaimed in Brunswick. The change in government was accomplished without bloodshed, it was said.

Communist rule in the Ruhr district has been prevented only through the overwhelming numbers of government troops occupying that region.

Strikes are continuing throughout Germany. Grave diggers have joined the movement and there have been no funerals in Stettin or Wied for twelve days. Bolshevik attempts have been made to obtain control of the Kovno-Koenigsberg railway for strategic purposes.

Re-appearance of sailors in the cities of Northern Germany is regarded as an ominous sign. Spartans are feverishly attempting to join hands with the communists in Munich.

SITUATION IS UNTELLIGIBLE
FROM REPORTS AT BERLIN
BY FRANK J. TAYLOR
(United Press Staff Correspondent)

BERLIN, April 12.—The kaleidoscopic events in Munich have rendered the situation untelligible to anyone not actually within the city. It is even doubtful if the people of Munich themselves understand what is going on about them.

In rapid succession reports are received that the soviet republic has been overthrown, that the soviet republic has been restored and that both the Bolsheviks and the socialists are conducting their respective governments side by side. The latest dispatches said there was street fighting under way in Munich, without reference to who was fighting or who was winning.

The Wurtemberg government, successfully suppressing Spartans resistance, has offered its troops to help crush the communists in Bavaria.

Government troops have recaptured Augsburg, Wurzburg and other towns from the Spartans without resistance.

The national soviet congress in Berlin is debating the establishment of a working group to replace the Reichstag. The majority socialists are advocating creation of a soviet body with powers equal to those of the Reichstag. Chancellor Scheidemann denounced both plans.

HANSON TO TELL WAY
TO GET JOBS FOR ALL

SAN FRANCISCO, April 14.—A new practical plan for eliminating unemployment and bettering the condition of the worker is claimed by Ole Hanson, mayor of Seattle. Hanson will outline the plan for the first time tomorrow night at a mass meeting in the Civic Auditorium. Mayor Ralph of San Francisco arranged the meeting.

"Americanism vs. Bolshevism," is the subject of the address. Hanson says his scheme involves productive utilization of idle men and non-producing land and offers productive employment to all men needing it.

Wednesday evening is to be purely an evening of entertainment. No ap-

(CONTINUED ON PAGE TWO)

GREAT 8-ACT SHOW FOR VICTORY LOAN

(CONTINUED FROM PAGE ONE)

peals for donations will be made, no one will be asked to buy bonds or anything else, and after you buy a ticket, the only thing remaining to do is to go and have a good time, knowing that the ticket money will be used for patriotic purposes almost entirely.

There will be no reserved seats, and first-comers will get choice of seats. Doors will open at 7:15 and the show starts promptly at 8 o'clock.

Three or four automobiles will be needed to bring some of the performers from San Pedro, Orange, and other places in the afternoon and take them home after the show, and anyone who will loan their cars for this purpose is asked to get in touch with Jack Wallace at the Chandler and Wallace music store.

Lieutenant Charles D. Swanner, recently returned Company L officer, will give a short talk as a part of Wednesday night's program. It was also announced this afternoon.

THIS AGED WOMAN

Was Made Strong by a Simple Remedy

The following letter from Mrs. Wells adds another link to the great chain of evidence which proves that there is nothing equal to Vinol to create strength for feeble, weak, run-down nervous conditions:

MALONE, N. Y.—"I am 84 years of age and got into a feeble, weak and nervous condition so I could not sleep. Vinol has not only built up my strength, but it has given me a good appetite and I sleep all right now."

Mrs. S. B. Wells.

We strongly recommend it. For sale by the Rowley Drug Company and druggists everywhere.

P. S.—Our Saxon Salve is truly wonderful for Eczema. We guarantee it.—Adv.

SEVEN MINUTES ONLY NEEDED TO GET JURY

It took only seven minutes this morning to get a jury in Judge Wilcox's court. The jury was selected and sworn in in record time. Deputy County Clerk Hitchcock called the names, the twelve men took their seats, both sides accepted all of them, and they were sworn in. Otaviano Blaza, a Mexican, is on trial on a charge of non-support of his family. H. D. Thurber of Fullerton is his attorney. Those on the jury are G. L. Miles, M. A. Kieffer, T. W. Cadd, A. H. Lyon, G. N. Hardin, W. Woodhouse, J. A. Evans, R. M. Jackson, John Leutwiler, W. W. Krick, Milford Todball and W. L. Hale.

SAN FRANCISCO.—Oscar Yokum, steamer purser, values life at more than \$1000. When he fell into the bay while carrying a sack with that amount in silver, he dropped the cash and came up all right.

Local Physician Takes Damage Suit As Puzzling Joke

Santa Ana physicians and others familiar with the circumstances that brought about the filing of a \$50,000 damage suit against Dr. J. L. Dryer of this city, have had a good deal of fun the last two or three days jollying the genial pioneer physician over the matter. The doctor, of course, takes the joking in the best of good nature, and has treated the action lightly and declares that the complaint has so many points of an absurd nature in it that it is really worth hardly more than passing notice.

The records show that on the 31st day of January, 1912, Hall was adjudged insane and committed to the asylum. The medical examiners were Drs. H. E. W. Barnes and Geo. H. Dobson. Dr. Dryer was not concerned in that hearing, either as witness or physician.

Hall was later discharged from the asylum. On the 8th day of April, 1918, on a complaint sworn to by Dr. Dryer, alleging insanity, Hall was arrested, and on the following day in the superior court, the allegations being fully verified, he was adjudged insane. The medical examiners were Drs. R. A. Cushman and J. I. Clark, who recommended that Hall be committed to an asylum as a person dangerous both to person and property. On the urgent request of his attorney, T. L. Johnson of Los Angeles, and who signed for his client a written agreement whereby he was not to return to Orange county, commitment was stayed as long as Hall should abide by the agreement. The complaining witness agreed to this action.

The action was brought by W. E. Hall of Pasadena, in this county, who has twice been adjudged insane. Hall alleged that Dr. Dryer in some mysterious way not made clear in the reports so far at hand, influenced the courts that tried Hall upon an insanity charge and found him to be insane.

Dr. Dryer is puzzled as to why such proceedings should be brought against him or that they should go beyond the findings of the superior court. Another thing that puzzles the doctor is what psychic means were employed to discover his great wealth.

STOLEN AUTOMOBILE LEFT AT HILL CLIMB

An automobile stolen yesterday morning from Miss Lorraine French was recovered today below San Juan Capistrano. The machine was taken from the corner of Bush and Sixth streets while Miss French was attending the morning services at the United Presbyterian Church. Those who took it undoubtedly used it to drive to the hill climb, and there abandoned it. The fact that the machine was there was reported to the sheriff's office this morning.

PERSONALS

R. C. Tuthill, accompanied by his mother, Mrs. George Tuthill, returned Saturday from a very pleasant week's trip to the Grand Canyon, going by train.

Mr. W. O. Hill has left for Benton, Illinois for a three or four months' visit with his father.

Mrs. I. M. Sproull today left San Francisco for Washington, Iowa, to visit her mother, Mrs. H. F. Samson, and other relatives. A family reunion will be held and among those attending will be Rev. W. L. C. Samson, formerly pastor of the United Presbyterian church of this city, who is a brother of Mrs. Sproull. Mrs. Sproull left last week and stopped over in San Francisco for a visit with her son, Harry, who is on the Saturn, which was scheduled to leave San Francisco today on a cruise to Alaska. Frank Sproull has returned from service and is now with the Smart & Final wholesale grocery company.

AMUSEMENTS

Harvey's Greater Minstrels Coming

Harvey's Greater Minstrels will hold the boards at Clune's on Thursday, April 24, matinee and evening. "This irresistible attraction will prove a boon for the war tax," says the advance notice. "Recently when a patron of the show entered the Empire theater at Quincy, Ill., and paid his war tax he was heard to remark, 'Well, I will enjoy the minstrels better, now that I feel as I am laughing I have at the same time contributed towards the salaries of the men who have been at the front, in order that I may continue to enjoy life as I like.' The man, who is a lawyer, certainly expressed a happy thought.

"It would be selfish if we were not willing to contribute a few pennies for the army, for our neighbors' sons and our nation's welfare while we enjoyed an evening's entertainment."

June Drop of Oranges

The results of an extended investigation of the causes of June drop of oranges, though delayed for more than a year by war emergencies, has just been published by the University of California Press. The book, though highly technical in character, will likely be of interest to orange growers for the reason that it presents in full the scientific data upon which was based the previously issued popular bulletin published by the Experiment Station.

The book is well illustrated with graphs and charts in addition to a number of half-tone engravings.

The authors conclude that the abnormal shedding is due to two causes: A fungus which gains access through the navel end of the young fruits; and the harsh climatic conditions of the interior valleys against which the ravel orange tree is not sufficiently able to protect itself. It is claimed that where irrigation water is abundant the shedding may be much reduced by the judicious use of early summer cover crops.

About 3900 acres of Thompson seedless raisins will be planted in Kern County this season.

Blackeye beans seem to be generally recognized as the best summer cover crop where water is limited.

Over a thousand acres of watermelons are doing fine in Imperial valley. This acreage is about 10 per cent increase over last year.

Raisin Day Festival association of Fresno has set April 30 for raisin day again this year. This will be the eleventh annual California raisin day celebration to be held at Fresno, and this year it will be under the direction of Frank G. Hood, president of the festival association. The pageants and symbols of the celebration will be Victory and Peace.

MONROVIA.—David G. Koch, 31, wrote a letter apologizing for the excitement and bother which he was about to cause the sanatorium and wishing them all the best of luck, then put a revolver bullet into his head, dying instantly. He was despondent from ill health.

THE TIDES

Tuesday, April 15—4:25 a. m., —0.2; 10:32 a. m., 4.4; 4:00 p. m., 1.2; 10:12 p. m., 5.7.

SOUTHERN CALIFORNIA

PORTLAND, Ore.—A lemon extract jag got Tensio Totoo, an Indian, to the police station, while a vanilla extract drunk had the same effect on Richard Barry.

SAN FRANCISCO.—Eric Schieleff, nerviest thief, stole a pair of gloves. They didn't fit. He took them back and exchanged them. Detectives saw him lifting three more pairs.

PORTLAND, Ore.—Cops waited in the house suspected as a bootleg joint until two girls "finished their baths." Entering the bathroom later they only found a booze smell—around the bath tub drain pipe.

PORTLAND, Ore.—John Mercer has filed suit against a local theater for 60 cents which the theater refused to refund him when he couldn't find seats for himself and his wife.

LONG BEACH.—While her daughter, Mrs. Emma Mahler, was brushing her hair, Mrs. Irene Gault, 79, dropped dead yesterday.

SAN DIEGO.—Captain Egle T. Hickey, 20, of Easley, S. C., member of the Eleventh U. S. Cavalry, committed suicide here by cutting his throat, leaving a widow. He had been receiving medical attention for an auto accident injuries.

POMONA.—The Sunset Canning Co. wants its plant to be the coolest for employees in the South, and to this end a concrete floor is being put in and the roof elevated. A new 15-car shock building has just been completed.

LONG BEACH.—Long Beach Elks will conduct funeral services for A. Paralta, 64, life member of Greeley, Colorado, lodge, and former sugar chemist, who died following a general breakdown and attack of paralysis.

PASADENA.—So that many more Pasadenans may attend, efforts are under way to transfer from San Francisco to San Pedro the christening of the new ship, U. S. S. Pasadena, named after this city for its third Liberty Loan record.

CALIPATRIA.—Six large business structure, brick and concrete, are now under construction here and all have been leased. Many new homes are also under construction.

POMONA.—An Easter morning service for Pomonans and visitors will be held on Sunday on one of the hills in Ganesha Park. An elaborate program is being prepared.

SOUTH PASADENA.—Among well known South Pasadenans who have recently returned from overseas duty are Col. Charles Hutchins, commander of the 160th Infantry, Capt. Lashart Hart, formerly of the Canadian Mounted Police, Lieut. Welford D. Seay, prominent athlete, and former Occidental star, Pvt. Bruce K. Malcolmson, Dr. John Robert Reid, Harry A. Tunstall.

POMONA.—All records of the Pomona library were broken the past month when the circulation reached 12,924. There were 172 new patrons and 359 new books were put upon the shelves.

LONG BEACH.—With an estimated crop of 8000 boxes, the Signal Hill Cucumbers Growers' Association expects returns of nearly \$100,000 and the immense cucumbers will be shipped to many distant points.

PASADENA.—Englishmen of India and the Orient are rushing for visits home to England, filling up all liners, so that Rev. C. H. Riggs, principal of a Methodist boys' school at Rangoon, Burma, who planned to come here via Europe, had to come the Pacific route instead.

LOS ANGELES.—The famous divorce case of Albert N. Gloyd against Malette S. Gloyd was definitely closed when a final decree of divorce was signed. Gloyd had died since the interlocutory decree was granted.

VENICE.—Francisco Ferullo, one of the best musicians and directors

Make Home Mean Something to You

A home with colors, restful, peaceful, and harmonious. Walls with paper of artistic designs, woodwork in suitable soft finishes to match the walls. Everywhere there is harmony. Then home means something.

Come in and see our new designs from the best American and Canadian paper mills. See us about refinishing your home.

Paints
Wallpaper

in the country, is new leader of the Venice band, which will be enlarged

MANHATTAN BEACH.—One May 17 this city will vote on an issue of \$45,000 bonds to complete the Center street pier.

PASADENA.—Dr. Murray Bartlett, former president of the University of the Philippines, and honorary chaplain of the Eighteenth Infantry, has returned here from Y. M. C. A. work in France.

TULARE.—When he tumbled into a vat of boiling honey, Howard, aged 2, son of Mr. and Mrs. E. L. Brown, received burns from which he died.

SANTA MONICA BEACH.—"Capt." W. W. McKenzie, who falsely claimed to be a British officer, was given six months in police court for soliciting alms.

REDLANDS.—Four thousand people attended the "Son of the Redlands" pageant in the open air amphitheater here.

LONG BEACH.—Miss Ruth L. Smith, grammar school principal, was reported dangerously ill from meningitis in a Los Angeles hospital.

WATTS.—A \$30,000 bond election will be held on April 18. The money, if voted, will build a new school building and repair three old ones.

VENTURA.—Several hundred Mexican laborers on the Sespe Rancho threatened a general strike after they were harangued by agitators, demanding more pay. They were persuaded to give up the plan and the itinerant reds were given orders to move on.

BAKERSFIELD.—J. A. Hinman, W. S. Renfro, Geo. E. Wilson, Joseph A. Gilchrist are new city councilmen just elected. Ed L. Willow, C. F. Baughman and Edward Hougham were re-elected.

CALIENTE.—The Tibbets & Hand garage and stage station, one of the landmarks here, was mysteriously destroyed by fire.

PASADENA.—Mrs. Fred E. Wilcox, widow, has sold her holdings, with 600 feet frontage on South Orange Grove avenue, to J. A. Wigmore, formerly of Cleveland, for \$150,000. The land was purchased by her father, E. F. Hurlbut, in 1880.

REDLANDS.—Dr. Silas Evans, president of Occidental College, made a plea for Christian education and announced a \$500,000 endowment fund campaign among churches of the synod at the Riverside Presbytery meeting

here. Robert Henderson was elected moderator.

SANTA MONICA BEACH.—Mrs. Irene Billinger, wealthy Pittsburger, who claimed her house was entered by a burglar, was taken into custody, charged with disturbing the peace, on complaint of her neighbors.

SAN LUIS OBISPO.—Louis F. Sinshelmer was elected mayor at the city election by a majority of 232 votes. Dr. H. A. Gowman was returned to the council. James Piper was elected councilman. Mrs. Callie John was re-elected clerk, and C. A. Palmer and J. H. Mathews as school trustees.

PASADENA.—Rev. John Gilbert Blue, for ten years associate pastor of the Presbyterian Church, has resigned and will take a long rest. He and his wife leave next month for New York.

VENTURA.—Nicholas Hearne, 64, well known Ventura resident, died after two days' illness with pneumonia. He was born in Santa Barbara.

MONROVIA.—Monrovia is going to celebrate her thirty-third birthday on May 17 by giving returned service men of the San Gabriel valley a big welcome home, with sports, dances, fireworks, and monster basket picnic in Monrovia Canyon park.

M. E. CENTENARY WEEK PROGRAM ANNOUNCED

Illustrated Address Tonight
Will Open Series to Be
Given at Church

A week of intensive work in the interest of the Centenary program of the Methodist Episcopal church has been planned by the First church in Santa Ana. This being "Passion Week," and the League of Nations being near to realization, the Centenary Council is bringing the world to Santa Ana in a pictorial display.

Every night there will be a stereopticon and moving picture address on some kingdom theme touching world affairs. The nations and their people and problems will pass in review, and the passion of Christ and the hope of the church will be set forth in comprehensive and spiritual addresses.

The pastor will be assisted by several outside speakers in bringing this scientific world survey to Santa Ana. Last night Dr. J. J. Kingham opened the series with an address on "An Investment in American Democracy," in which he set forth the conditions of American industrial, agricultural, and rural church problems.

He depicted the community church, ministering a social, intellectual and spiritual center to the community needs; and gave fine pictures of such work in the rural sections of the country and also of the great Morgan memorial, which ministers to over 100,000 people in Boston.

The illustrated address tonight is on "Our Latin American Neighbors" and what we are doing for them. The program for the remainder of the week is as follows:

Tuesday—"China, Yesterday and Tomorrow."

Wednesday—"The Child Life of the World."

Thursday—"Corea, Japan and the Philippines."

Friday—"A Trip Through Africa with Dr. W. B. Dodson."

John Wesley Hancock, Optometrist, near P. O., holds record of highest grades ever made in California.

Jackson-Norton Co.
Business Leased To
C. G. and Ed. Rodger

A Newport Harbor business chance of general interest to Orange County people was announced today in leasing of the Jackson-Norton company's business by Cordie G. and Ed. Rodger, former Santa Ana and El Toro residents and well-known mechanics. The Rodger brothers have taken over the Jackson-Norton auto garage and machine shop, warf, ways and boats, and will continue the same character of business which the Norton brothers have been operating the past year.

Lieut. Brayton S. Norton, recently returned from overseas, expects to leave within a week to take up his new duties in the north, while his brother, J. P. Norton, is as yet undecided what he will do.

ARRESTED SAN PEDRO MAN FOR INTOXICATION

Earl Alling, of San Pedro, was taken into custody last evening by Officer Frank Stewart and charged with driving a machine while under the influence of liquor.

Stewart is a motorcop and complaint was made to him that a machine in the hands of an intoxicated man was endangering travelers on the state highway below Santa Ana. Investigation resulted in Alling's arrest.

He was released on his own recognizance and will appear before Justice Cox tomorrow morning.

C. C. CHANDLER Candidate for MORE BUSINESS MY "PLATFORM"

If elected (by you) to repair your shoes, I promise a true and faithful administration to your SOLES; I will also conserve your finances to the best of my ability, and promise to leave you well HEELED (either leather or rubber).

I will still be running long after election—April 14, 1919—and will sure appreciate your patronage.

Forever yours,
C. C. CHANDLER
Main Shoe Hospital
Phone 976-W. 105 East Third St.

FRENCH PASTRY

—These are better described as a Delicious French Tea Cake, those fancy-looking delicacies that have made the French people famous, being a product of the highest art in cookery. While the flavor of the pastry is the same, there is a wide range in the frosting and coating. The Cherry Blossom is the only place in Santa Ana where you can get French Pastry. Better drop in and buy a few of these fancy delicacies and take them home with you.

Only 15 Cents Each.

Fourth at Bush

BRITISH, FRENCH TUNNEL WILL BE RUSHED

British Government Getting
to Work Without Delay
On Giant Project

LONDON, April 12.—After consistently opposing the scheme for many years on the ground that it cut into her "splendid isolation," all England is now mad over the proposed Channel Tunnel, and the work of construction cannot be undertaken fast enough for its former opponents. The invasion bogey, which has hitherto prevented the natural linking up of the British Isles with the continent of Europe, no longer scares the nation which has survived submarine operations and air raids, and the alliance with France has removed the old insular distrust.

The British government is getting to work without delay, and already the necessary preliminaries, in the way of appointing engineers, contractors, etc., have been arranged. Sir Francis Fox, perhaps the world's greatest living engineer, designer of the Swiss-Simpson tunnel and the British Mersey tunnel, will be in charge, and he will be assisted by a host of distinguished engineers.

No serious difficulty is anticipated in the work, the completion of which is expected to take eight years. The cost will be approximately from \$90,000,000 to \$100,000,000. The British outlet of the tunnel will be near Dover. The French end will be at Sangatte, near Calais, where preliminary works were started years ago.

Sir Francis Fox said: "The tunnel will consist of two tubes, with connecting channels. This gives better facilities for ventilation, drainage and repairs, as well as giving greater safety in case of derailments. Excavation will be performed by revolving cutters, fixed in great head shields, by which means a rapid rate of advance will be attained."

"All the work will be carried out by electrically driven machinery, by which the volume of air required for ventilation will be greatly reduced. The diameter of each tunnel will be 18 feet, so as to accommodate main-line rolling stock. At intervals of 200 yards along the entire length, oblique cross-tunnels will be formed."

"It will be, roughly, eight years before the under-channel service is running regularly. The ganges of the English and French railways are very similar and trains could run direct from London to Paris in less than four hours. The channel crossing, which by the shortest routes used to take from 1½ to 2 hours, and the roughness of which was a terror, will be eliminated. The trains will shoot through the tunnel in from 30 to 45 minutes, and their speed will assist ventilation."

The tunnel will be from 30 to 35 miles in length, and an hourly electric service of trains to Paris is predicted. Once through the tunnel, the trains will be able to traverse France, Belgium, Holland, Spain, Italy, Germany, Austria, Hungary, as far as Constantinople without any difficulty as to gauge or structure. If a tunnel were constructed from the Asiatic side of the Behring Strait, where there is already a railway to Cape Prince of Wales, near Dawson City, Alaska, it would be possible to travel by train from London to Canada and the United States.

The running expenses of the Channel Tunnel are estimated at \$2,100,000 a year and the income at over \$7,500,000. At least 3,000 skilled workmen will be employed on the actual tunnel boring.

With regard to military safeguards, the tunnel will be bored 100 feet below the bed of the channel, well out of reach of submarine attacks, and by means of a dip in the level of the rails, a sort of "water-lock" will be made, whereby the tunnel could be flooded from floor to roof for a distance of a mile. Entrance and exits would be under the guns of forts.

Parliamentary sanction has yet to be obtained for the commencement of operations in England, but no difficulty need be expected. The French are equally enthusiastic.

We are showing some beautiful Easter hats for \$5. Mrs. F. B. Wilhelm, 509 North Main street.

DANCING A BIGGER CRAZE THAN EVER

Dancing is becoming a bigger craze than ever, in the opinion of A. W. Rutherford, the local school for dancing, and he attributes its tremendous popularity to better recognition of the fact that wonderful beneficial results are derived from this form of exercise, as well as amusement.

Where is the man or woman who will worry along for hours with a mechanical device constructed for exercise? It asked Rutherford. "They won't do it just to get the exercise that is so beneficial. They won't do it even for fifteen minutes. The incentive of pleasure is lacking. Good music and congenial company is the natural desire to meet an acquire new friends."

"Older people who have taken up dancing have found that their dormant muscles have revived the elasticity of youth. These are the chief reasons for the increasing popularity of the dance."

Because of the demand for instruction from surrounding towns, Rutherford has decided to send teachers to different cities to open branches of his Los Angeles school. The local branch meets at Elks' hall every Friday evening.

Let us fit you in a Gossard corset. We are the agent for them. Others misrepresent when they claim the agency. Mrs. F. B. Wilhelm, 509 North Main street.

Prospects are that the California raisin crop in 1919 will run over 250,000 tons.

BIGGEST SALE IN 15 YEARS

Embodying more money saving opportunities, vaster price concession, mightier efforts at salesmaking than any attempt at rapid retailing by this or any other store in Santa Ana. Meaning that the entire \$20,000 stock of Shoes and Dry Goods with out reservation of one single article will be on sale

Thursday, April 17th at 9:00 o'clock a. m. Sharp

At prices representing the strongest portion of real value ever known.

Not an Item Will Be Sold for Its Real Value

Store closed down two days before opening to rearrange and mark the stock. Busy hands are assorting the stock and arranging the goods for quick inspection, easy shopping and absolute satisfaction. Come prepared to buy.

News Briefs of City and County

Rev. H. G. Birchby has resigned as pastor of the Presbyterian church at Placencia. He preached his last sermon there yesterday. His successor probably will be called within the next two or three weeks. He has no definite plans for the future.

The contract for the new water system at Seal Beach has been signed by Mayor John Cord and Contractor Gillespie expects to have dirt flying by the end of this week.

P. L. Courtney of Orange, who went to Payette, Idaho, about three weeks ago, died there last week. He suffered from asthma and it was thought the change of climate would benefit him. His wife and son were with him. He had resided at Orange for eleven years and but recently sold his ranch near that place.

A Reo driven by F. F. Moore, 1315 North Main, was damaged this morning when it crashed into the El Toro stage as the latter was driving out of the Crown Stage depot on North Main street. Moore was going north and could not stop his machine in time to avoid the accident.

House parties were the rule among high school students during the week of vacation just past, and no less than ten parties comprising over a hundred Santa Ana young people spent the week at Balboa. Their presence no

doubt helped to swell the pavilion dance attendance Saturday night, which reached the 500 mark, a new record.

While she was attending the reception to the 160th at Pershing Square, Los Angeles, Saturday, a large traveling bag was stolen from Mrs. Charles Lundblad, 345 South Glassell street, Orange.

Memorial services were held last night at the South Methodist Church of Pomona for three soldiers from that church who lost their lives in service. One of the three was Clarence Stem, son of Rev. A. F. Stem, who about eight years ago was pastor of the South Methodist Church here, at which time Clarence attended Santa Ana high school. Clarence died of pneumonia in New York.

Drs. H. A. Johnston of Anaheim, H. M. Robertson, R. A. Cushman and J. L. Dryer of Santa Ana have been selected as delegates to represent the Orange County Medical Society at the state convention of the Medical Society of California to be held at Santa Barbara this week.

There will be a general rehearsal at Elks' hall tonight for the minstrel and dancing festival to be given April 29-30.

When his truck crashed into a trailer which had been left on the Villa Park road north of Orange, Hiram, a Japanese, received cuts and bruises by striking the windshield of his machine.

Mary Pickford in "Captain Kidd, Jr." scored another triumph at the

Temple Friday, Saturday and Sunday, and the show was greeted by full houses. The fifteen-minute talk given each evening by Lieut. C. D. Swanner, with special music and lighting displays, was also enjoyed. National Guardsmen co-operating in providing an effective setting for the talk.

Two automobiles were damaged yesterday afternoon but no one was hurt when an automobile driven by G. P. Leicester of the San Joaquin ranch crashed into a standing car belonging to E. A. Ward, Orange baker. The accident happened on Prospect avenue, just off Chapman, as Ward was returning home from Laguna Beach.

The home of Mrs. M. Tompkins, 392 South Olive street, Orange, was ransacked sometime Friday or Saturday during her absence, but nothing of value has been missed.

F. C. Scheckling of Long Beach narrowly escaped injury in the Santa Ana canyon Sunday afternoon. He applied the brakes quickly on his "light car of popular make" to prevent a collision with two other machines, and the machine skidded on the grade, and ran down an embankment. The fact that the car came to rest on a timber across the S. A. V. I. main canal without overturning accounts for the lone occupant's escape. The only damage to the "Lizzie" was a bent axle and steering gear.

Clarence H. Evans of Fullerton has enlisted in the navy as apprentice seaman.

SAN FRANCISCO GIRL STARTS FOR SIBERIA

SAN FRANCISCO, April 14.—The only representative of the Pacific Coast, in a group of fourteen women Red Cross nurses, Miss Rose Schaffer, of this city, left for Siberia today. Miss Schaffer has already seen eight months' service in France. She went to France last June, returning to San Francisco in the middle of February of this year. Aside from three months spent in Paris, Miss Schaffer divided her time between a large American base hospital at Autun and a French military hospital, used as an evacuation hospital for all Allies. This hospital was at Rennes. Miss Schaffer was the only American girl in the hospital.

Eat Taylor's Ice Cream. It's pure.

DEATHS

DANERI—At the home of Ralph Mead, 602 Chestnut, this city, April 14, 1919, Mrs. L. M. Daneri, of Capistrano, aged 27 years. Private funeral services will be held Tuesday afternoon at 2 o'clock at the Mead home, with Smith & Tuthill in charge. Rev. John Cooper of Los Angeles, will officiate. Decedent was formerly Miss Ila Brown of this city, and was a niece of Mrs. Mead.

M'ALLISTER—At the family residence, 802 South Main, this city, April 14, 1919, C. D. McAllister, aged 70 years. Funeral services will be held at Mills & Winigler's Mission Funeral Home, Tuesday afternoon at 3:30. Rev. F. G. Davies

of the First Baptist Church will officiate.

STEWART—Mrs. Gertie Mae, 77 Lacy street, this city, April 14, 1919, aged 31 years. Wife of Leroy Stewart, daughter of Mr. and Mrs. C. C. Schultz of 507 Minter. She leaves three children, Jannet, Thurwin and Catharine Schultz, son, brother, Chas. C. Schultz of Santa Ana, three sisters, Mrs. Geo. Peckham, Martha Schultz, all of this city, and Mrs. C. E. Robert of Matamoros, Mexico. Funeral services will be held tomorrow April 15th at three o'clock, from Smith & Tuthill's chapel.

EVANS—At his home in Garde Grove, yesterday, April 13, William Evans, age 75 years. Funeral services to be held tomorrow, April 14 at 10 o'clock, from Smith & Tuthill chapel.

Dr. H. M. Robertson, accompanied by his daughter, Margaret, went to Santa Barbara today to attend the meeting of the California State Medical Society to which he is delegate from the Orange County Medical Association. He will return Thursday afternoon.

FOREIGN LANGUAGE MEETINGS

Mayor Hylan of New York City in a recent letter to the Board of Aldermen proposes an ordinance to curtail the rights of persons to make speeches in a foreign language advocating the destruction of our government.

He points out that were such addresses made in English their meaning would be plain to a great body of loyal, English-speaking citizens who would at once protest and start protective measures.

Mayor Hylan also urges the forbidding of those who are not citizens of the United States to make anarchistic speeches or hold meetings aimed at breaking our laws and disturbing society. His letter says in part:

"We must not allow those who have not been in this country long to learn our language, or who are not citizens, to abuse our hospitality by endeavoring to incite anarchy. The Constitution gives our citizens the right to assemble and speak freely, but I do not believe it was intended to protect aliens in an effort to tear down the Stars and Stripes."

It is precisely in that vague borderland between the use and abuse of free speech that most of the harm is done to our government and laws. Mayor Hylan has put his finger upon the weak spot. It may be a difficult matter, however, to find and apply a practical remedy that will not aggravate the evil it seeks to correct.

NO "SUPER-NATION"

"Much of the opposition to the League of Nations," says Senator Hitchcock, "has been based on an entire misconception of what it is. It is not a great super-nation. It is not even a nation or a government. It has no sovereign powers. It is a great covenant, the chief features of which are agreements as to what the nations will do and will not do as sovereign powers."

Though possibly an extreme statement of one point of view, in the main this statement must be accepted as true. It is not apparent that any of the men engaged in shaping the League constitution at Paris have contemplated making a real "super-nation" endowed with sovereignty independent of the nations creating it. That may come some day, perhaps, but if so it is still far in the future. At present there is simply being worked out a practical agreement "as to what the nations will do and will not do as sovereign powers."

The first draft admittedly was not clear on this point. It left the League plan open to the suspicion of assuming undue authority over the member nations. It was this ambiguity, apparently, rather than any express provision, that aroused so much fear in this country that the United States might forfeit some of her essential sovereignty. The amendment to which the covenant has been subjected is said to have eliminated this objectionable feature.

PLAY, SING AND WORK TOGETHER

Lorain, O., has a Community Service League whose activities may be said to have just fairly begun with the ending of the war. The league has recently hired a play leader whose job it is to teach the whole city how to play. He will begin with about twenty play leaders, men from various fraternal and business groups in the city. These men will go to their associates and carry on the play instruction under the direction of the city leader of athletics. Organized athletics and games, healthful exercise and recreation, walking for pleasure, will become matters of daily experience and joy to everybody in the community as the plan is carried out fully and progress made.

That is not all that the Community Service League is doing. It has a music department as well as division of athletics. Lorain citizens, men, women and children, will learn to sing. There will be public concerts and community sings which everyone can enjoy and in which all who wish may participate.

The idea seems to be that a certain amount of singing and playing together is good for people. It develops a wholesome social atmosphere and a friendly good will that carries over into the workaday routine of life. In other words, people who sing and play together will also

THE REAL AUTOCRAT

We will have to carry this war into Asia, yet. On the border of Afghanistan is a small kingdom called Ava. Its ruler signs all his state documents:

"Signed and sealed by the king of kings, whom all the world should obey, because he preserves life in all human beings, because he regulates the seasons, and because he is the father of the sun, and because he is king of the twenty-four umbrellas."

It is plain that this is even a more dangerous autocrat than the Kaiser. Even Bill never thought of those twenty-four umbrellas.

WAR BONDS AND GOOD TIMES

"If the Fifth Liberty Loan is sold to ALL the people, we will have good times. If workers or buyers hold back and force this loan upon the banks, we will have dull times."

This statement, made by the head of one of the big Victory Loan committees, hits the nail on the head.

The reasoning is simple enough. The bonds will have to be taken by somebody—the government has already spent nearly all the money, and must have it to maintain the credit and honor of the nation and to pay further war bills. If the people don't take the bonds, the banks will have to take them. The banks can do it if necessary, but that would tie up so much of their funds that they would have little money left to advance to business men for purposes of general industry and trade. Such a tightening of bank credit would mean hard times.

Times are a little dull now. Nobody wants them to grow any duller. The way to hasten good times is for everybody—rich and poor and in between—to buy bonds as we bought them when the war was at its height.

THE BILED SHIRT

Somebody writes to the editor commenting on the fact that "the white linen shirt has become almost obsolete in the United States," and that with it is disappearing its high-toned brother, the silk tie, irreverently known as a "plug hat."

Quite true—a fact for which such male Americans as pause a moment to ponder on changing fashions will devoutly thank Heaven. The "billed shirt" is gone, indeed. Gone with all its irritations and discomforts. We still see that immaculate and painful article of apparel worn occasionally with evening dress, and now and then we find a preacher or professor or an elderly, old-style gentleman flaunting his snout front with an air of distinction and lofty unconsciousness. But the present generation has almost forgotten the miseries of encasing itself in boiler-plate and losing its collar button inside that impenetrable chest-protector. The soft shirt, varicolored, has triumphed. Shirts have been made safe for democracy.

In England, we are told, the stiff, boiled tunic still maintains its hold. British statesmen keep up the tradition. The British government functions as of old, in white and adamant breastplates, cuffs and collars, with a "topper" tilted on its beetle-brow. But even there the custom is doomed, for Britain, too, is turning democratic. Even an English premier or lord may some day be able to dress comfortably without feeling that he is shaking the foundations of the empire.

Why not choose Mr. Ararat, now in the center of the new Armenian republic, as a seat for the League of Nations. Think of the joy of the Anti-Saloon League at such a consummation! For has not Ararat come down to us through all the ages, praised and remembered because, out of all the submerged world, it alone was dry territory?

Relieved

"Thank goodness I shan't have to bother with a war garden this year."

"Not going to try to raise any vegetables?"

"Oh, I suppose I'll plant the usual lettuce and beans and tomatoes and corn, but I'll be under no obligation to try to eat them."—Detroit Free Press.

Left Behind

"So you've been to France?"

"Yes, ma'am."

"And now you're back home with your comrades?"

"No, ma'am. I left my comrades over there."

"How did that happen?"

"I took over a shipload of mules, ma'am."—Birmingham Age-Herald.

As It Sounded

A young woman teacher in the Peru, Ind., high school had a vision of losing her job because of a violent protest lodged against her by a patron. The patron accused the teacher of calling her boy a "scurvy elephant." The teacher was dumfounded when she heard the charge, and could not recall making any such remark. The corps of teachers went to work to attempt to unravel the mystery. Finally it was solved. The teacher had told the boy "he was a disturbing element."—Indianapolis News.

Don't Throw 'Em Away

NOTE: General Pershing has sent a rush order for reading matter, especially magazines, for our boys in Europe.

Paint For Purity and Preservation

Co-operating in the "Own-Your-Own-Home-Build-Now" campaign are thousands of men and women who already own their homes or who rent dwellings, and their part is to aid in the national clean-up and paint-up activities. The appeal to make every town and city in the country a better place to live in has been answered east and west, north and south. As the weather permits, improvements will be undertaken in every state on a more thorough scale than usual, for the home-coming of the soldiers adds a special stimulus to the annual labor of removing the winter's accumulations of rubbish. This task, always imperative as a safeguard to health, is more than ever necessary now, when our armies are coming back from overseas.

Hardware merchants, proprietors of paint shops, and florists have been asked to aid the clean-up and paint-up campaign now being carried on in many cities. Requests that window exhibits be arranged

so that the suggestion of gardening, repair work, and general improvements may be given to passers-by have been quickly complied with, and it has been demonstrated that wherever the actual task of cleaning up and painting up has been begun the idea of making a town or city healthful and beautiful has quickly spread.

Painting restores houses even when they have a most dilapidated appearance, and after the houses have been painted the next thought is the garden and lawn. Thus there is a demand for gardening tools and for grass seed and flower bulbs. "Spring cleaning" has always had a fascination for women, and for the last few years national interest in gardening has been on the increase. This season probably will show that more thought than ever before has been given to the surroundings of the home and to city parks, both by the housewives and by the community at large.

Talbert Boys Returning

Word of the arrival of two Talbert boys in New York from overseas brings joy to the two homes of the returning soldiers and to their many local friends. The two boys, both of the 91st Division, are Harry Harper and Harvey Studebaker. A card from the former was received by his parents, Mr. and Mrs. J. O. Harper Monday, telling of his arrival in the metropolis March 31st, and a card from the latter came Tuesday to Mr. and Mrs. S. E. Talbert, bearing only the good news, "just arrived." He came over on the Orizaba.

Perrin Takes New Job

Mrs. W. G. Perrin, who has been with her parents, Mr. and Mrs. J. E. Pettit during Mr. Perrin's absence, received a telephone message from her husband Tuesday telling of his arrival in Los Angeles and she and her baby left immediately for that city to join him.

Mr. Perrin had been away on an extended business trip as traveling salesman for Swift Co., going as far north as Spokane, Wash. He has now accepted a position with the Edison Electric Co., so it will be possible to keep his family with him, but does not yet know where he may be located.

At Birthday Party

Elinore and Bernice Walker, accompanied by their mother, Mrs. A. F. Walker, attended a birthday party in Santa Ana Tuesday. The affair was given for their little cousin, Martha Planchon, whose sixth birthday anniversary it was, and a number of her little friends were delightfully entertained by her mother, Mrs. Frank Planchon.

Gentlemen A Word With You About Shaving

WHEN you buy a Safety Razor, buy a cake of Cuticura Soap and shave the Cuticura way, the healthy up-to-date way. No mug, no slimy soap, no germs, no free alkali, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing, shampooing. Absolutely nothing like it, not to speak of its value in promoting skin purity, skin comfort and skin health. Largest selling skin soap in the world.

Consisting of Soap, Ointment and Talcum are indispensable adjuncts of the daily toilet in maintaining skin purity and skin health. Bringing these delicately medicated emulsions in frequent contact with your skin as in use for all toilet purposes, tends to keep the skin, scalp and hair clear, sweet and healthy. 25c. each everywhere.

There is cheap meat in South America. Doesn't the Monroe Doctrine entitle us to some of it?

It is reported from Vienna that Budapest Reds have no ill feeling for Americans. It sounds reassuring, but rather insulting.

Four hundred millionaires were made during the war in the business of collecting rubbish, rags and bottles. Will they refer to their wealth as "just rubbish"?

America spent \$400,000,000 for the Red Cross, and it would be interesting to know what Germany spent for the iron cross.

We are told that there will be a Bolshevik uprising in America on May 1, and the village constable must be ready to lock him up again.

Rumania is again threatened, this time by hordes of Bolsheviks, and of course the Allies will rush troops to her aid some weeks after it is too late to save her.

If the next congress listens to the Department of Labor and makes it possible for every American citizen to own his home, there will be darned little sympathy in this country for anarchists.

State Department officials doubt whether Hungary's acceptance of Bolshevism was inspired by Germany. Are these the same officials who doubted whether Germany would resume unrestricted murder at sea?

Folks interested in consistency will be glad to know that it is outrageous for other nations to interfere with the internal affairs of Russia but that it is perfectly proper for Russia to send an army into Hungary and actively promote civil war in every nation on earth, including the United States.

Conclusive

"What is the best test of realism in a play?"

"The real money it draws at the box-office."—Baltimore American.

Since the beginning of the war, 45,717 mutilated French soldiers, rendered unfit by the loss of hands, arms, legs, hands, eyes or other organs for earning their livelihood, without a special education, have been restored to the economic life of France through special schools.

Of this total number, 25,964 were able to re-enter the line of work in which they were employed before the war, while the other 19,753 had to be educated over entirely to enter some line of work or profession to which their new physical infirmity was adaptable.

Agreement

Kate B. Randall to Kathleen Earhart agreement to buy and sell Lot 13, Blk. A, Heunings' Add for \$7500.

An Oratorical Lack

"What kind of a speaker is this man Gassaway?" asked the Old Fogey. "Oh, he's a pretty fair speaker," replied the Grouch, "but he lacks terminal facilities."—Cincinnati Enquirer.

New Silk Petticoats

—We announce new arrivals in silk Petticoats, shimmering changeable Taffetas, or fancy plaids and stripes.

—The newest thing out is a divided Petticoat or

"Bloomerettes"

—For those tighter skirts, saving the unsightly bunching of full petticoats when worn under snug-fitting garments.

—The bottom of each leg is finished in a deep taffeta flounce with small ruffle and tucks. The top is silk jersey.

—Shown in colors of purple, green and blue, at \$6.00.

Taffetas at \$4.50, \$5.00

—New Petticoats in changeable taffeta, or in the darker stripes in fancy silks. Deep flounces, pleated, or tucked and ruffled.

—High colors are now in demand, and we show these in purples, rose, blues and gray.

—Priced \$4.50 and \$5.00.

Taffetas at \$6.00, \$7.50

—Of the better grade materials, in plaids, stripes and changeable, finished with new shapes in flounces, scalloped with ruffles, double rows of ruffles, or with picot edges.

—Most attractive and priced at only \$6.00 and \$7.50.

Dr. Lord Property, Birch and 3rd Sts., Sold To Chandler

The Northeast corner of Birch and Third streets, known as the Dr. Lord property, has been bought by Ray Chandler, of the Chandler & Son furniture store. It was sold by Mrs. Skidmore, former wife of the late Dr. Lord. The lot is 75x100 feet, with two residences, and was sold for \$10,000, with Mrs. Skidmore taking a bungalow on Carondelet street, Los Angeles at \$5000. The deal was handled by N. J. Warner.

Warner has also negotiated for Mrs. Kate B. Randall, the sale of her apartment house at 441 South Birch street, to Mrs. Kathleen Earhart, Mrs. Randall taking Mrs. Earhart's residence at 115 South Birch as part pay. The combined values is \$11,500. Warner reports other recent sales as follows: The Adams 5-acre Valencia orange grove near Olive to T. B. Elliott for \$10,000; a lot on East Washington avenue to Mr. Morrison for \$625; to B. J. Chandler, of the Chandler & Wallace Music Store, the D. A. Blank 20-acre Valencia grove near Orange, \$20,000.

OBITUARY

BENJAMIN GREER

Benjamin Greer is now at rest from his labors. He was born in Johnson county, Missouri, August 2, 1842, and died at his home in Oregon, April 9, 1919. He leaves a wife and five children to mourn his passing; also three brothers and three sisters to mourn their brother's death.

The funeral services were at the grave in Gold Hill Cemetery. Benjamin Greer resided in Santa Ana, Orange county, California, for twenty years, coming to California in 1898, from Oklahoma territory, moved from Atchison county, February 15, 1891.

The funeral services were conducted at the grave in Gold Hill Cemetery by the pastor of Saints' Church, Grant's Pass, Oregon.

ST. LOUIS GIRL HELD FOR TRYING SUICIDE

VENICE, April 14.—Miss Bennet Pike, said to be the daughter of former Judge Bennet Pike of St. Louis, is being held at the Venice jail on a charge of attempting suicide.

She was rescued from the ocean Saturday night. Her mother took no steps yesterday to secure her release because, it is understood, she did not want her daughter to get into communication with a man with whom Miss Pike is said to have quarreled just previous to her leap into the sea.

STATE ECONOMY BILL TO GET HEARING

Supporters of Efficiency Bill Are Heartened by Assembly Action

SACRAMENTO, April 14.—Those who are supporting the movement for state reorganization along lines of modern efficiency and economy as provided in Assembly Bill 1089, prepared by Tax Payers' Association of California, were heartened this week when the Assembly, by a vote of 54 to 19, ordered its "Committee on Efficiency and Economy" to report the measure out onto the floor so that it might have a hearing.

The Assembly committee heard discussions of the bill on Friday evening of last week, and again on Monday morning; but while the committee did not deny the merits of the measure they refused to report it out, claiming that economy and efficiency legislation could not well be considered at so late a period of the session. A large majority of the members of the Assembly, however, today signified their willingness to discuss the bill on its merits.

Messrs. Carter and White, the joint sponsors of the measure, led the discussion on a resolution to withdraw the bill from committee. They were opposed by Assemblymen Ambrose, chairman of the committee; Mathews, floor leader; Locke, Morris, Rosen, shine and T. M. Wright. Among those who spoke in favor of a hearing were Messrs. Allen, Bennett, Bromley, Bruck, Gebhart, Graves, Greene, Johnston, Kasch, Knight, Merriam, Price, Vicini and Windrem.

Those who pleaded for a hearing pointed out that the legislature is making heavy appropriations which will exhaust the surplus of the state, and probably create a deficit. "Why," asked one, "in view of this situation, cannot we do something intended to bring about economy? The tax payers of California, it was declared, have a right to action at this session of the legislature.

The discussion developed the fact that the proponents of the Tax Payers' Association bill claim it will save, on a conservative estimate, a million dollars a year; also, that such a saving is imperative necessary now, in order that the state may meet its important obligations.

Those oppose economic reform had supposed that the economy and efficiency legislation was effectively pigeon-holed for this session; but the developments in the Assembly indicated that the corpse is still very much alive.

262 Persons Call At Social Service Office During Mar.

Following is the report of the secretary of the Social Service League for March, 1919:

Number of calls at the office—in person, 262; by telephone, 88. Total, 350.

Number of calls made by secretary—in person, 42; by telephone, 115. Total, 157.

Number of persons applying for workers, 37; number of persons applying for work, 57; work found for 29 different persons 32 times through the month. This includes several permanent positions.

Number of cases handled during the month—New, 1; recurrent, 29; transient, 2.

Assistance secured—Material, 7 cases; medical, 5 cases; legal, 1 case; institutional, 1 case.

New names listed for work only, 24. The meeting of the monthly conference was omitted this month, but will be held on April 18 at 7:30 p. m. at the office of the Social Service League, 111 East Third street. Professor Nealley will continue his talks on reconstruction problems.

The child welfare station was opened Thursday afternoon, April 10, and will be ready for use of the public each week at the same day and hour. Mothers wishing to avail themselves of this opportunity to have their children examined, weighed and measured should be on hand early as there are no arrangements for the physicians' or nurses' services after 2 o'clock on that day.

Respectfully submitted,
CARRIE N. LEBERICK,
Secretary.

Urges Investment of Bond Coupons in Savings Stamps

County School Superintendent R. P. Mitchell today received a message from the state director of the War Savings Stamp organization urging that school children be asked to carry to their parents a message in favor of investing Liberty Bonds interest in War Savings Stamps. Interest upon bonds come due tomorrow, and it is pointed out that the coupons may be exchanged at the postoffice for War Savings Stamps.

EUROPEAN CORN BORER SPREADS

The European corn borer introduced through a Massachusetts port and recently reported as having been found in certain localities in New York, is now reported in Connecticut. The Federal secretary of agriculture has asked that an appropriation of \$500,000 be made available immediately for control work.

MASONIC NOTICE

Santa Ana Lodge No. 241, F. and A. M., will confer the First Degree this (Monday) evening at 7 o'clock, and Second Degree on Tuesday evening at 7:30. Visitors welcome.

Society

Prof. D. K. Hammond leaves today for Catalina where he will attend the State Principals Convention. Prof. Hammond will speak before the convention on the Junior College.

Associates of United States Revenue Agent W. A. Cornelius, who is also proprietor and editor of the Newport Beach News, Saturday commemorated his recent marriage with Miss Kate Munger, proprietor of a department store at Irvine, Orange county, by presenting to him a handsome antique clock.

The presentation speech was made by Revenue Agent J. G. Sebastian, who is the only man remaining in the office who was there when Mr. Cornelius entered the service five years ago. Then there were only five men in the office; now there are 147.

Mr. Cornelius was a member of a national advisory board on revenue matters in Washington, and upon his return to California last month, met his fiancée in San Francisco, where they were quietly married. They spent their honeymoon in the north. Mr. Cornelius returning to his duties in Los Angeles, and his wife to her store in Irvine.

Mr. Cornelius is known in local sporting circles as one of the crack shots of Southern California.

Rev. and Mrs. Burton Y. Neal, of 611 Hickey street, have had their guests the past week Mrs. Charles Reiter of St. Louis, Mo., and daughter, Mrs. Earl Hicks, wife of the Rev. Earl Hicks of the Southern Illinois Methodist Episcopal Conference, and two children. These ladies were former parishioners of Rev. Neal in St. Louis, and the renewal of old acquaintances has been very pleasant. In leaving for their home Mrs. Reiter and Mrs. Hicks are taking with them the most pleasant memories of their visit and of our beautiful Southern California.

The Fifth Street Parent-Teachers Association will meet tomorrow in the Bungalow Building. Every member is urged to attend.

Service certificates and badges awarded to women of Santa Ana chapter of the American Red Cross are ready for distribution. There are seventy-eight certificates, and of those who were entitled to certificates fifty-five ordered service badges. These will be distributed at the Red Cross headquarters tomorrow, Tuesday, and Wednesday. Miss Minnie Holmes, who has been appointed to have charge of the distribution, will be at headquarters on those two days from 10 a. m. to 12 noon and from 1 p. m. to 4 p. m., and those who have certificates or badges coming to them can get them from Mrs. Holmes. These certificates were awarded upon application to a committee that did its work several weeks ago, and given out through the national headquarters of the American Red Cross in recognition of service. The worker who did 800 hours of work for the Red Cross is given a badge with a blue ribbon, and for each additional 800 hours of service a white stripe is added.

The Intermediate Parent-Teacher Association will hold its April meeting on Wednesday in the auditorium of the school at 3 o'clock. The contest among the actions of the schools for P. T. A. membership will close at that time and any desiring membership in Intermediate P. T. A. are urged to hand their applications to some child of the school before that date.

Mr. and Mrs. I. A. Mechem's fifteenth wedding anniversary was pleasantly celebrated yesterday at the home of Mrs. Mechem's sister, Mrs. C. E. Grouard. An appetizing dinner was served at noon, beside the honored guests, to Mr. and Mrs. Carl Mock, Mrs. Nellie Young, Mrs. J. M. Roney of Santa Clara, Mr. R. Pease of Camp Kearny, Mrs. Marguerite Down, Miss Ruth Grouard, Clarence Grouard of Los Angeles and Franklin Grouard. The table was centered with sweet peas and a lovely bride's cake, a present from Mrs. Grouard. In the afternoon several friends dropped in to visit and extend their congratulations. Among them were Mr. and Mrs. Lacy, Mr. and Mrs. Fred Parsons and Walter Pine and family.

Mr. and Mrs. Mechem received many gifts of cut glass and crystal that will always be lovely reminders of a delightful celebration.

Mrs. L. R. Stearns pleased her small son, Billie, and a number of his friends recently when she gave an Easter party to celebrate his third birthday. Miss Ladine King assisted with the jolly games and in serving with the dainty refreshment. The dining room and table were decorated in pink. Pink flowers hung from the lights and the large birthday cake was white with Billie's name written

across it in pink. The clever place cards were graham crackers with an animal cracker stuck on top and the guests name written in pink on each one. Cunning easter eggs with fluffy chickens poking out were favors and on the buffet was a large chicken in a coop. The youngsters almost thought it was alive. Even mothers also enjoyed the party with Natalie Neff, Joy McPhee, Barbara Lambert, Louis Wheelbrecht, Edward Abbotts, of Los Angeles, Miles and Ralph Hone, Clifford Applebaum and the twins, Bob and Dick Martin.

F. L. Kientz has sold his six-room residence at 606 South Broadway, to E. S. Keen, a recent arrival from Mitchell, South Dakota, the deal being made through the agency of Hankey and Cole. The consideration was \$5000. Mr. Kientz, following the sale, immediately purchased a new five-room residence being erected by M. R. Hehinger in the 800 block on South Birch, at a consideration of \$5000.

Sergt. William M. Burge of L. Company enjoyed a turkey dinner at the home of his parents Mr. and Mrs. E. D. Burge Saturday evening.

He was met in Los Angeles by his family and at the conclusion of the parade was brought home by auto. The dinner was enjoyed by everyone, the guest list including the Sergt. and his wife, his sisters Miss Alice and Vivian Burge, Mrs. James Robt. Payne, Jr., her husband, the Sergeant's aunt Mrs. L. D. McMurtry of San Francisco, his cousin Marcus Bowman of Lander, Wyoming, and Mr. and Mrs. Burge.

At the conclusion of the dinner he boarded a Los Angeles car as it was necessary for him to join his company at the Santa Fe depot.

Sergt. Burge did not get into active service but he had plenty of experience to relate. He was in an officers' training school at the time the Armistice was signed and when he found that there were to be no more commissions granted he left to join his old company to be with his friends when they returned home. He spent three weeks tramping it over France before he finally caught up with it.

The boys expect their discharge Thursday although nothing definite is known.

The Junior Red Cross of the Roosevelt school will meet tomorrow at 1:30 in the sewing room. An anxious appeal is made to all the workers to be there so that all the work may be finished. It is also requested that all garments taken away to be finished be returned.

The Woman's Club will meet tomorrow afternoon at the home of Mrs. Ruth Tiffany. A good attendance is urged as the officers for the following year are to be elected.

All the mothers, wives and sisters of the original Company L are urged to be at the city hall tomorrow afternoon to complete the plans for the big dinner to be given to the boys. The meeting will be held in the rest room, upstairs, at 2 o'clock.

The Book Review Club will meet on Tuesday evening, April 15, at the home of Miss Verna Peterson, 524 East First street. Mrs. Northcross will give a paper on war poetry.

Saturday evening Mrs. Iva M. Webster entertained in honor of Mrs. William Amole of Denver, Colorado, who

Good Fairy Pressure Cooker

The Handiest and Best Pressure Cooking Utensil on the Market.

It occupies the proud distinction of being a combination high-pressure steam and fireless cooker. We guarantee that the Good Fairy will return to you in less than ninety days more money than it cost, and make you money every time you use it thereafter.

Everyone Wants a GOOD FAIRY in Their Home

We guarantee that it will save two-thirds of the cost of fuel in cooking, as compared to the ordinary open kettle.

We guarantee to save the housewife two-thirds of her cooking labor.

We guarantee that you can buy meats that are less expensive and that when taken from the Good Fairy they are equal to meats of the most expensive qualities.

In cooking beans—tough meat—or old chicken—instead of putting them on the stove at 9 A. M., put them on in the Good Fairy at 11:00 A. M. or later (depending on what it is) and they will be on the table with the rest of the luncheon at noon.

Anything that takes the ordinary kettle three hours to cook the Good Fairy will cook in forty minutes, a saving of two hours and twenty minutes of fuel and labor.

After you buy a Good Fairy, if it doesn't do many times more than we claim for it, or if you don't like it, bring it back and we will cheerfully refund you the price paid.

Let Our Good Fairy Do Your Work

Retail Price 8 qt. Cooker, \$14.00.

is visiting in Southern California. A very pleasant evening was passed with conversation and music. Light refreshments were served by the hostess, assisted by her daughter. Those present beside the honoree were Mr. and Mrs. Tummond, Misses Viola and Mildred Tummond, Messrs. Stanley Tummond and Wallace Smith, who has just returned from service in France with the 361st Infantry; Mr. and Mrs. D. J. Stull, Misses Marion Stull, Frances Lapum and Iva Lon Webber.

Mr. and Mrs. H. E. W. Barnes of Anaheim spent Sunday with Mr. and Mrs. George Edgar.

Word has been received that Bob Collins of the C. C. Collins Company, left New York Friday and is expected to arrive here about Thursday.

Mrs. John Criddle was a passenger on a Los Angeles-bound car this morning.

Miss Mabel Latta, one of the Washington school teachers, enjoyed seeing the Mission play last Saturday.

Miss Helen Von Allmen is home for a week's vacation from the Los Angeles Normal school.

G. E. Preble, who recently sold his home on North Main street, has moved to 458 South Sycamore.

Mr. and Mrs. Barry McPhee and daughter, Mr. and Mrs. F. H. Phillips, little daughter Jean, and Miss Minnie Edgar motored to Capistrano yesterday to see the Hill Climb and to enjoy a picnic on the beach.

Mr. and Mrs. Reuben Bradley were pleasantly surprised Sunday by an auto load of Kansas friends who motored down from Lordsburg to visit with them and were waiting when Mr. and Mrs. Bradley returned from church.

Francis Westgate, following a several days furlough at the home of his parents, Mr. and Mrs. C. A. Westgate west of town, has secured an extension of ten days so will be here until next Monday. He has been stationed at San Francisco for two months past and has completed his examinations for a commission as ensign in the navy.

JUDGMENT IS ENTERED

Today a judgment of \$123.17 was entered in favor of E. R. Trefern against W. R. Howell upon a note. The case was heard by Justice Cox.

Have Your Rugs Cleaned the Crystal Way

There is nothing which adds so much to the appearance of a home as clean, well kept rugs.

Many people do not realize how quickly rugs fade and lose their soft tints, if not properly cared for.

Avoid rug depreciation by having your rugs cleaned the Crystal Way.

A Crystal cleaning brightens the colors, increases the life and value of the fabric. Try the Crystal method for your rugs, suits, draperies. It will not injure the most delicate fabric. Its cost is very moderate.

Crystal Cleaning Company

GOOD LAWS OF EIGHT YEARS TO REMAIN

Helpful Work of Democrats Won't Be Destroyed Say Republican Leaders

WASHINGTON, April 14.—Republicans expect to be too busy in the next congress "wiping out the bad things" to destroy any of the good domestic moves, their leaders said today.

Answering the charge of a Democrat that the Republicans would repeal helpful legislation passed under President Wilson, House Republican Leader Mondell today declared the nine biggest constructive measures adopted by congress during the eight years of Democratic control will not be destroyed or crippled by the forthcoming Republican congress.

Extension and amplification of some of the laws in question may be undertaken, he said, but no formal program looking to this has been formulated.

"If there is anything good that has come from the eight years of Democratic control," said Mondell, "we will let it stand."

"We will be busy enough wiping out the bad things. Anyway, many of the laws which are being claimed by the Democrats were discussed and urged for years and it was merely happenstance that the Democrats were in power when they were enacted."

Legislation which Mondell said Republicans would not cripple includes: Federal reserve; parcel post; the law creating the department of labor and children's bureau; the Webb-Kenyon law; the Sherwood pension act; the law creating the federal trade commission; the Republicans say, that while they might not like the personnel of the commission itself they are not disposed to condemn the law creating the body; the rural credits law; the law giving states federal aid in road building; and the Webb export law, allowing combinations for export trade.

C. D. McAllister Dies Suddenly, Filling In Arms of His Wife

Falling into the arms of his wife, C. D. McAllister yesterday morning expired suddenly at his home, 802 South Main street, from an attack of heart failure. The deceased had been a highly respected citizen of this city for a number of years and prior to a few months ago conducted the Rutgers rooming house.

He seemed to be in the best of spirits yesterday morning and died soon after eating a hearty breakfast. He apparently had been in the best of health until a few days ago when he complained of a slight indisposition.

He was a native of Rochester, N. Y., where he was prominently connected with the wholesale shoe firm of Gray Brothers for almost twenty years. He came to California in 1906 and was so delighted with the southland that he decided to remain here. Among his activities here was the agency for a San Francisco insurance company and later the management of the Rutgers apartments. He is survived by his widow, Mary McAllister, and several relatives in Los Angeles and the east.

Funeral services will be held tomorrow afternoon at 3:30 o'clock at the Mills & Winbiger Mission Funeral Home.

HUGE LOAN DETAILS ARE TOLD BY GLASS

WASHINGTON, April 14.—Uncle Sam wants less money on the Victory Loan than has been expected.

All he apparently needs now is \$4,500,000,000. He's ready to pay 4 1/2 per cent on partially exempt four-year treasury notes to get it.

This was revealed by Secretary Glass in announcing details of the Victory Loan. The popular subscription campaign will open one week from today.

The size of the forthcoming issue was a surprise, as Glass previously had spoken of possibility of a five or six billion loan. In addition all over-subscriptions will be rejected, the treasury also reserving the right to redeem the notes in three years.

FORMER PILOT ON NEWPORT HARBOR BOOSTS FOR BONDS

Olive, April 14, 1919. Editor Register: Having seen an article in your paper by G. A. Edgar on Newport Harbor, it brought my thoughts back to the good old times when Newport harbor was doing some business in the way of shipping. I well remember the steamers and lumber schooners coming there and everything booming, and every time the steamer came in there was a large quantity of freight for G. A. Edgar. I arrived from New Zealand to Newport in 1884. Being employed on the harbor improvement in New Zealand, I had charge of one of the tug boats, of which there were three, so that I was in a position to see conditions, and when a man sees something with his own two eyes he has to believe.

I will not go into details about that harbor; enough to say that they worked on it about thirty-five years and the harbor paid for itself. That is the report of the harbor board. And that is not all, for it built up the city of Dunedin and enhanced the value of the whole country. And every time and everywhere a harbor is made navigable or improved the same result will be obtained. I find also that Sydney Harbor, Australia, had a net surplus last year of \$287,910.

When I arrived at Newport in 1884 I climbed the hill at Rocky Point and looked over that beautiful bay; then I took soundings around and found 45 feet of water at Rocky Point, just the same conditions as existed at the entrance of Otago Harbor, New Zealand, rocks on one side and sand on the other.

You know we always had two channels over our Newport bar; sometimes I brought the steamer in one channel and sometimes in the other. I thought then by confining that body of water, by running out a jetty as was done in New Zealand (and which has been done by the jetty we now have) that Newport Bay would make a fine harbor. And now we want to carry those bonds to extend that jetty, which will deepen that channel and give us a commercial harbor.

When I first saw Newport Bay I believed then that it could be made a great harbor and I believe so still. Some may want to know how did New Zealand Harbor pay for itself? Just the same as Newport Harbor will pay for itself—by dredging and making valuable harbor frontage. Then, as the channel is deepened, we will get heavier tonnage coming into the harbor; that then will come harbor and wharf dues.

I may state that our harbor has been terribly misrepresented, and I want to say here that in order to carry the bonds we will have to get around the country and educate the people. All we have to do is to tell the truth about our harbor, and by doing so, I find, the people will listen, get interested and ask questions.

In conclusion I would say that our new bridges are fine, our good roads are fine, our tourist hotel will be fine; but I believe the greatest advertisement we could have for our country is Orange County Harbor.

WILLIAM KELLY, Late Pilot at Newport.

FAVORS \$5,000 FOR STUDYING OF RIVER

Knight's Bill For State and Federal Co-operation Passes Assembly

A bill appropriating \$5,000 for making a study of the flow, sources and channels of the Santa Ana river has been passed by the Assembly at Sacramento, and has gone to the senate for consideration.

Under the bill, which was presented by Assemblyman Knight of Redlands, the investigation is to be made in co-operation with federal agencies that have been at work for some time.

Orange, Riverside and San Bernardino counties, acting jointly, have made appropriations for carrying on the work of the United States Geological Survey in making rainfall and flow measurements at various points along the river. The original fund for this work came from the State Conservation Commission, which turned money over to federal agencies for just that kind of work, and the Santa Ana river work got its share of the benefit.

The principal purpose in gathering accurate data concerning the river is that it may be ready at hand in the fight that is being led by the three counties, with Francis Cuttle of Riverside as chairman of the organization, to secure federal action under the Newlands Waterways Bill to name Santa Ana river as one of the rivers to be mapped out and cared for as a federal conservation project.

SPOKANE WOMAN GAINED 40 POUNDS

Electrical Treatment and Everything Else Failed to Help Her—Tanlac Restores Her

"There, that is what I have been looking for the past six months now for my sister," said Mrs. V. J. Legault, who resides at 221 1/2 Post street, Spokane, Wash., pointing to the big Tanlac display in Murgitroy's Drug Store, recently.

"My sister's health has broken down," Mrs. Legault continued, "and I firmly believe Tanlac will fix her up as it did me three years ago."

"Before I took it I was suffering from a complication of ailments which had resulted in nervous prostration. My troubles all started from a bad stomach and I was in a pitiable condition. Everything I ate would sour, causing me such awful pains in the pit of my stomach that I could hardly stand it. My nerves were in a bad shape, I was badly constipated and even now I hate to think of the terrible headaches I had. I also suffered from weakness and pains in my right side, which was the worst kind of torture. Electrical treatment and everything else was tried on me, except an operation, which I refused to stand for, but nothing did me any good. I had always weighed around one hundred and forty-eight pounds, but my suffering pulled me down to one hundred and twelve, and I was scarcely more than a frame. I really had no desire to live as by case seemed to be hopeless."

"Well, some wonderful things happen in this world, and my recovery is one of them. I picked up a paper one day in Detroit, Michigan, where I was living at the time, and read a Tanlac testimonial given by a lady who lived but a short distance from me, and right then I decided to try Tanlac. The results I obtained are nothing less than remarkable. My appetite soon came back, my stomach got so could eat and digest my food and every one of my troubles gradually left, and the first thing I knew I was regaining my lost weight and strength. After using five bottles of Tanlac I found that I had gone to one hundred and fifty-two pounds—actually gaining forty pounds—making several pounds more than I had ever weighed before. And although it has been nearly three years now since Tanlac restored me, I have never been bothered with any of my old troubles to this good day, and I have held my weight, always weighing around one hundred and fifty pounds. So you can see what I have been so anxious to find Tanlac for my sister. I am going to let her know right away where she can get it. I am glad to give this statement, for the best way I know to pay the debt of gratitude I owe Tanlac is to tell others how it has made life worth living for me."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Hilbert, in Huntington Beach by Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Royal Drug Co., and in Garden Grove by O. H. Anderson. Adv.

Page G. E. Grayson of Santa Ana! Wife Asks Police To Find Him

SAN FRANCISCO, April 14.—If G. C. Grayson of Santa Ana is in San Francisco, "drunk or sober," he is due to meet with the police. Today detectives armed with two photographs are scrutinizing all men with brown hair and blue eyes. Picture No. 1 shows Grayson "sober." Picture No. 2, according to Mrs. Willie Grayson of Santa Ana, depicts Grayson "drunk."

"Have you had a man there named G. C. Grayson?" Mrs. Grayson wrote to the police, adding, "I've tried to find him but failed. He is a boozier. He has blue eyes and brown hair. I am enclosing pictures, one taken when sober and the other when drunk."

No one by the name of G. C. Grayson is listed in any of the Santa Ana directories, and the Register's efforts this afternoon to learn anything of the whereabouts of the "Mrs. Willie Grayson" referred to were without success.

Living Models Will Show Fashions Tues. Evening At Leipsics

Leipsics fashion show tomorrow (Tuesday) evening is attracting wide attention, and no doubt will draw a large attendance. The fashion show will be from 7:30 to 9 o'clock tomorrow evening, with music and living models showing the latest styles direct from New York. In order that all may be in readiness for the opening at 7:30, the Leipsics store will close its doors tomorrow afternoon at 3 o'clock.

Speeder Hides In Effort To Escape From Motor Police

In an effort to get away from Motorcycle Officer Ballard yesterday, a race-rider named Button hid behind a sign board. Ballard routed him out, took his name, and ordered Button to appear before Justice Cox next Wednesday.

Button was going at high speed when Ballard took after him. Button had the advantage of a running start, and got around a turn well ahead of the motorcycle. When Ballard lost sight of the man he was chasing he concluded that it was a case of hide and seek. Ballard sought and found his man.

Button was only one of many motorists arrested yesterday for speeding going to and coming from the hill climb below San Juan Capistrano.

Scenes In New Oil Town Reproduction of California in '49

Scenes of the mining camps of '49 in California are being duplicated in the oil fields in Texas, according to L. J. Fogg of this city, who is there investigating the situation and development. Writing to his wife of his experiences there, he says:

"I have just driven in to Ranger, the great new oil field of Texas, where they make millionaires overnight. This is the real oil center. They must have nearly one hundred wells around here working. The town is one of the most awful places you can imagine. There is lots of new building, railroad and pipeline construction and big trucks running about knocking all the roads to pieces. There are thousands of people camping out with machines and lots of the old-fashioned prairie schooners. At any place where you can get such things at all, they charge \$1.50 for a cot and 50 cents for a couple of eggs."

"The road for ten miles into Ranger is unspeakable—all rut sand chocks, for they are continually hauling big pipe and cable out to the new wells."

"You ought to see the lobby of the hotel at Ft. Worth. It is a big rectangle, with a balcony all around it. It is crowded to the sills all day, like the board of trade in Chicago, and has been that way every day for six or seven months."

"The desk clerk said it was fierce. Nobody can get rooms and everybody stands around with maps in their hands showing where their wells are going to be drilled. Everybody talks at once."

"Well, now this is 157, described as cut off from the northwest corner—you see, I don't know a thing about it, the deeds are all in the bank," etc. Scrape of conversation like this come from all sides."

"I would like to waste a day or two hobnobbing with these desert millionaires and trying to understand the oil business, but it is so unsystematic and unbusiness-like that I doubt if an experienced person can get at the root of it."

PREPARE FOR ANNUAL ANT NUISANCE

Housewives Preparing For Spring and Summer Pest

Annually, after the heavy rains are over and the warm weather has set in, the most aggravating of pests, the ant, comes ready to torment and even overrun the household if proper precaution is not immediately taken. There was a time when it was impossible to rid the house or store of the ant nuisance. Now, however, its extermination is an easy matter. The remedy lies in the use of Kellogg's Ant Paste, which was discovered by a baker nearly seventeen years ago. This paste seems to have a supernatural effect over the ant. It not only drives them out of the house or store at once, but seems to keep them out indefinitely during the season. Thousands of testimonials bearing evidence of the great efficiency of this preparation have been received by the manufacturer since its introduction. The remedy is put up for general use under the name of Kellogg's Ant Paste, and can be obtained only at druggists. You will always know the genuine by the patent rattle-cap on the bottle, which should always be looked for, owing to the many imitations now on the market. Housewives and store keepers should always keep a bottle on hand to be ready to ward off the annoying insect—the ant. It can be easily applied by using a little on the end of a match stick and spread in cracks, openings, at windows and doors, after which the ant makes a hurried departure to places where the magic preparation is not in evidence.

SUNDAY BURGLAR ROBS WALNUT STREET HOME

Santa Ana's Sunday burglar was on the job again yesterday and made a successful raid on the home of Mrs. J. H. Thompson at 822 West Walnut. The robbery was not discovered until last evening about 8 o'clock. The loot secured consisted of a black purse containing one \$5 bill and two \$1 bills, No. 3 Brownie kodak, moonstone, ring, brooch with diamond center, black astrachan coat, dark shirtwaist, black silk jacket trimmed with lace, circle brooch set with brilliants and a gold Elgin watch.

Approximately 400 acres of rhubarb will be planted in the central section of California for next season.

SHARP REDUCTIONS IN YOUR SHOE BILLS

"A constant 'hiker' over all conditions of roads, my shoes were hard on my feet until I discovered Neolin Soles. And as for wear! Neolin Soles give twice the service of soles I formerly used," writes H. Noyes Collinson, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the repairman and have them re-bottomed with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that soles should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Neolin Soles

NO DANGER THREATENS TROOPS AT ARCHANGEL

NEW YORK, April 12.—No present danger threatens the troops along the Archangel front while they continue fighting on the defensive.

The Bolsheviks are more intent on destroying the morals of the enemy by political propaganda than by major military strategy. If the Bolsheviks had skillful military leaders at their disposal and if they were intent on a rigorous campaign the situation facing the Americans might become alarming. But the Bolsheviks have been reluctant to risk their lives to recapture Archangel, though they have outnumbered the Americans.

American retreat is blocked at Archangel by the fact that the harbor is ice-bound. If necessary the Americans can escape westward into the Murmansk district, where the port of Kola is ice free the year around.

See our beautiful Eastern pattern hats before you buy your Easter hat. Mrs. F. B. Wilhelm, 509 North Main street.

LYDD DAVIS HOME FROM ARMY SERVICE

WINTERSBURG AND SMELTZER, April 14.—Relatives and friends of Lloyd E. Davis were most pleasantly surprised recently when he walked in on them unexpectedly. Davis has been overseas for over a year and it was known he had arrived in New York, but he had not informed anyone as to when he would come home. He left here with the 27th Aero squad and after serving for a time with it, was transferred to the front lines as a messenger, one of the most dangerous positions, and later drove a captain's machine.

He passed through seven big battles without a scratch, although close calls were plentiful. Once he was barely missed by a bursting shell. Some bread he knew to be covered with a blanket about thirty yards from where he was located, so crawled the distance to obtain it and when he had almost reached it a shell struck it, demolishing bread, blanket and all. About that time, he states, he lost his appetite for bread.

Davis was visiting at the home of his father, C. N. Davis.

at the Springdale school while some inside repair work is going on at the school house.

The partitions between the rooms were not built entirely to the ceiling when the building was made and this is now being entirely enclosed and windows put in near the ceiling in the partition wall to properly light the rooms.

Some new desks are also being installed.

Mrs. Barton has received a card from her son, Otis Taylor, telling of his arrival March 31 in New York. He expected an immediate transfer to a New Jersey camp and was due to leave for Camp Kearny inside of two weeks to be mustered out. Taylor is in the 348th battery of the 91st Division.

The two little daughters of Mr. and Mrs. W. R. Stanley are ill at their home with chicken pox. This is the first in the community so far.

Mr. and Mrs. George McGirk are the proud parents of a little daughter who they call Aileen Doris. The little lady arrived Tuesday, April 8, and weighed six pounds.

Miss Fanny Commons, a former school friend, arrived from Ferris Wednesday morning and is with Mrs. McGirk. Miss Commons, who is a trained nurse, returned two months ago from Scotland, where she spent six months in the Red Cross service.

Mr. and Mrs. James Blake of Los Angeles, the latter a niece of Geo. Gothard, came Tuesday to the Gothard home on their way to Fallbrook and were accompanied from here on their trip by Miss Lizzie Gothard and cousin, Mrs. Russell Wallace, who has been a guest here for some time. The party returned Wednesday, having enjoyed a pleasant visit with Mrs. Wallace and Mrs. Blake's parents.

Rev. C. M. Ross preached Sunday morning on the subject of "The Boy and His Fishes," one of the sermons of the series he has arranged for the time of the Sunday school contest.

Geo. Gothard arrived in New York from France last Saturday with Battery B Headquarters troops of the 40th Division, and sent a telegram immediately home telling of his arrival.

HILL OF THRILLS STOPPED BY TWO PILOTS OF MOTORBIKES

**Butch Lambert First Over
Top, But Loses to Dud
Perkins on Time**

Santa Ana and San Francisco divided honors yesterday at the Capistrano motorcycle hill climb when "Butch" Lambert of this city "came back" and repeated his performance of two years ago in riding his Excelsior over the top of the hill.

He was the first to go over, but lost the event on time. His time was 50 seconds flat and "Dud" Perkins showed a Harley-Davidson over in 36.45 seconds. The course is 500 feet, with a grade of 50 per cent at the start and between 72 and 73 at the top.

Between 12,000 and 15,000 people from all parts of the state were there to witness the contest, and when Lambert scaled the top horns on thousands of automobiles added their noise to the yelling of the thousands of spectators. Lambert was the hero of the hour and Perkins a little later robbed him of the glory of making the course in less time.

Machines were parked on side hills, along the state highway and in plowed fields and they were jammed as thick as it was possible to get them.

Thrills Like Aviators
Aviators who make tall spins have nothing on some of the boys who yesterday rode their mounts part way up the grade. There were many thrills and some narrow escapes by riders when their machines reared on end and fell over backward. The motorists succeeded in throwing themselves out of the way and with their machines rolled back down hill for a short distance.

In one instance a bucking motor rolled over into the line of spectators and a sailor boy from Redlands was injured. His name is Ralph Tubbs. A physician attended him.

The event for stock machines started a few minutes after 12 o'clock with thirty-six entries. Each participant was given a second trial, with none of the high men making better distances than on the first trip.

Orvil Heaton of this city, riding an Excelsior, won this event, traveling the course for 369 feet and one inch. Ralph Sullivan, an Indian, was second, with 343 feet 10 inches to his credit. The Excelsior was challenged by a representative of the Indian on the ground that it was not a stock car.

Found Within Rules
After the race a machine was passed on by the mechanical committee of the dealers' association and held to be within the rules and the event was awarded to Heaton and the Excelsior.

"Dud" Perkins, with a Harley-Davidson, won third money, going 327 feet and three inches. Byron Warner of Santa Ana, on an Indian, was fourth, going 268 feet and ten inches.

In the free-for-all gear ratios were changed, with riders privileged to make any alterations they wanted. It was in this event that Lambert and Perkins skinned over the top. Orvil Heaton, with an Excelsior, won third money, driving his machine up 346 feet and 3 inches. B. F. Neilligan, of Riverside, riding an Indian, was fourth, going 338 feet and 8 inches.

Officials of the course were Arthur A. Trabant, Los Angeles, starter; John O'Connor, Los Angeles, referee; Lester Crowl, Orange, clerk of the course; J. A. Fletcher, Los Angeles, scorer; Max Pluckinger, timer.

Course Badly Cut Up
After the program had been completed a number of the riders drove their cars to the top of the hill, but outside the course. With the traction used, the course was badly cut up with the result that many of the machines dug themselves in when they reached the steepest portion of the grade.

Had the ground at the top of the grade been as hard and in as good condition as at the starting point many of the cars would have been driven over the crest.

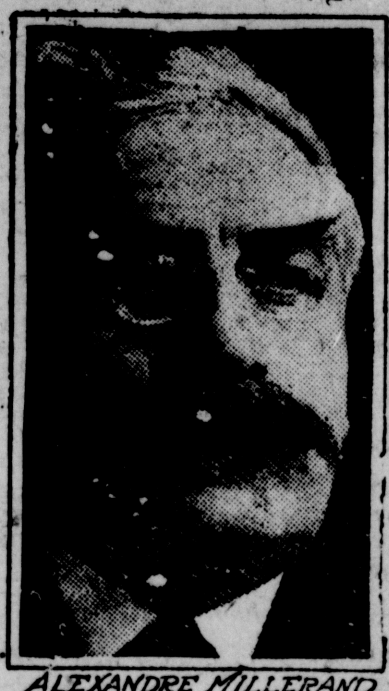

It is very probable that next year the contest will be held earlier, before the ground has had time to dry out and become soft. This feature was discussed by officials of the association yesterday after the contest, and it was the sentiment of most of them that the event should be scheduled earlier next year.

With the hundreds of automobiles and motorcycles on the state highway yesterday only one accident happened, so far as reported here. Walter Lambert of Bloomington, riding with his brother, fell from the motorcycle near Capistrano, and suffered the fracture of his left leg. He was brought to the Santa Ana hospital and later was removed to his home, his parents coming here after him.

WOMEN BEGIN PLAY IN GOLF TOURNAY

LOS ANGELES, April 14.—The Southern California Women's Gold Championship tourney opened today on the Los Angeles Country Club links. Miss Doreen Kavanaugh, winner of the recent Coronado tourney, Mrs. Albert Roscoe, present title holder and many other leading golfers entered.

Socialist Is Lorraine and Alsace Head

ALEXANDRE MILLERAND

New Governor of Redeemed District Has Capital At Strassburg

PARIS, April 14.—Alexander Millerand is the new governor of redeemed Alsace and Lorraine. His capital is Strassburg. Millerand was the first Socialist ever appointed to a French government post when he was made minister of commerce in the Waldeck-Rousseau cabinet. He has been minister of public works and for a brief time minister of war. He is considered one of the strong men of the country.

'GET THE DOUGH' MOTTO OF ELKS' NEWSPAPER

More information was forthcoming today for a breathless public which was awaiting with anxiety further information about the "Elks Gazoot." The anxiety appears well founded, for "Get the Dough" is the motto of this "newspaper without a heart, but with a good circulation," which will be published by "Santa Banana Lodge of Bill Elks number Seventynintyfour."

From the "Office" of the Gazoot, and bearing the imprint of The Dirty Mitt, comes this thrilling exhortation: Santa Banana, California, Right now.

From The Dirty Mitt.
To: You're the guy.
Subject: Read it and find out.
If you have any thought of your standing in this old burg you had better be ready to dig in and shell out for we're going to blow you up. We are going to speak right out and tell the world everything we don't know in the "Gazoot"—when you lived back east and you had suddenly made tracks for California. We have the dope.

Of course we might be tempted to reason and money talks. The eagle on the dollar screams. So if you want that write-up written right then write us out the right sort of a check right now. Then you'll be in right and—well—for two bucks we will stop; for three we'll turn around and for five we'll talk turkey with you. Choose your own weapons and go as far as you like. We can, too, so use your own judgment.

BY ORDER OF
THE DIRTY MITT.
(In cahoots with the Elks Gazoot.)

Slip that dough to a guy named Double U Double U Wasser, and for the love of Mike do it now. If you don't, we'll bounce a lead pipe off your bean and get it any way. We mean business. Elk noozeboys will sell the papers on or about April 26 this year.

SUGGESTS CITY AS INDUSTRIAL SCHOOL FOR GIRLS SITE

**Judge O. W. Grubbs, Visiting
Here, Contemplates Move
For Southland College**

Judge V. W. Grubbs, who is now temporarily residing in Riverside, spent several hours in Santa Ana Saturday morning. While in the city he paid a visit to the secretary of the Chamber of Commerce and exhibited to him quite a large number of testimonials from state officials and other prominent citizens of Texas, including United States Senators Sheppard and Culberson, showing that he had accomplished much for that great state in the line of industrial education for both boys and girls.

From the testimonials exhibited it appears that Judge Grubbs is the recognized father of two great state industrial colleges in Texas, one of which bears his name. The other is widely known as the College of Industrial Arts, for girls exclusively, which last year enrolled over nineteen hundred students.

It has been worth millions of dollars to the town of Denton, in which it is located.

Judge Grubbs contemplates the inauguration of a movement to establish such a college in Southern California, and asks, "Would it not be a good thing for Santa Ana?" Certainly it would not do any harm to give the proposition a fair consideration.

He expresses himself as well pleased with Santa Ana and might become a citizen here should he decide to locate permanently in California.

Business Block For Lemon and Center Streets at Anaheim

ANAHEIM, April 12.—Theodore Roberts has had architect's plans completed for a handsome new business block at the northwest corner of Center and Lemon streets. Construction will be started at an early date.

The building will be one story, of brick, with walls sufficiently strong to permit a second story later. There will be three store rooms in the block, the corner one being larger. Mr. Roberts announces he already has tenants. The front will be set back to conform with the broader Center street line and at the same time modern fronts will be put on the older business block which joins the site of the new block to the west.

These fronts will also be set back. Mr. Roberts is also planning a fine, modern home at the opposite corner of the tract, at Chartres and Clementine streets. It will be nine rooms, Spanish style, with court. The walls will be white and the roof green tile. The home site will take two lots. The city council has its blood up and decided that the owners of the Dreyfuss and Kroeger buildings will have to withdraw the fronts of their buildings to conform with the new, widened street line, or stand condemnation proceedings.

City Attorney Ames has been instructed to start action upon a district to include all of the south side of Center street between Los Angeles and Lemon streets, running back to the alley.

PINE TREE STATERS TO PICNIC TUESDAY

"My Experience In France" will be related by Dr. George Andrews of Plymouth Congregational Church, at the meeting of the Pine Tree State Association of Los Angeles next Tuesday evening, April 15th, in Assembly Hall, First and Broadway. Musical selections will be in charge of Miss Jessie York. Assembly at 7:30; program at 8 o'clock p. m.

This is an opportunity for all former state of Maine people to renew former associations and greet newcomers from the old home state. Officers will be elected for the year, and plans laid for the Annual Picnic.

Sick Man Carried 7 Miles Down Trail on Stretcher

STRICKEN with acute appendicitis while working with a forest service trail-making crew "way up the Modjeska trail to Santiago Peak, Grover Conaster, aged about 30, was carried nearly seven miles down the steep trail by four of his comrades, Billy Poole, H. Romries, Dan Sweeney, and H. Law. Working in pairs, they carried the stricken man upon a stretcher improvised from an army cot, with tent poles used for handles.

At the foot of the trail near Modjeska's Inn, Conaster was placed in an automobile and rushed to the Santa Ana hospital. Physicians operated on Conaster within an hour of his arrival at the hospital. Conaster was today reported to be doing "fairly well."

HELP SOUGHT TO CORRECT WAR HISTORY

Chairman for Orange County Seeks Information to Complete List

Santa Ana, Cal., April 12, 1919. Editor Register: The enclosed list is, we hope, largely self-explanatory. It reports the state war history committee's present information regarding Orange County's casualty list. The committee wishes to accept the already proffered co-operation and assistance of the Register and other Orange County newspapers in revising and completing the list and particulars desired. Will you kindly publish this and ask your exchanges throughout the county to copy. The committee desires this way to convey to everyone who can furnish information the request that he or she send the same to the undersigned chairman for Orange County War History Committee.

The information desired is as follows:
1. Additional names of casualties.
2. Corrections to this classification.
3. Corrections in spelling of names.
4. Corrections in name of home town and supply of same where lacking.
5. Date of death—now lacking altogether in our list.
6. Any other information that may seem proper to forward.
Any such information will receive careful attention if addressed to:
A. B. GARDNER,
Chairman for Orange County,
1862 N. Broadway, Santa Ana,
The Orange County casualty list follows:

Killed in Action
Jay, J. Gray, Tustin.
Thomas Enright, Yorba Linda.
Jesse L. Foster, Garden Grove.
Died of Wounds
George G. Christensen, Tustin.
Donald L. Trapp, El Toro.
Stamey Elliott, Santa Ana.
Peter Stoffel, Anaheim.
Henry W. Schroeder, Santa Ana.
C. Otto Rozell, Orange.
Henry Carron, Santa Ana.
Died of Disease
Charles Dunn, Fullerton.
Elmer Ray Hunt, Orange.
John Simmons, Santa Ana.
Arthur T. Martin.
Died of Aeroplane Accident
Lieut. Egbert McKean, Santa Ana.
Died of Accident
Wilfred Carroll Byram, Westminster.

Sergt. Dean Nethaway, Brea.
Marvin Rhodes, Orange.
Willard Best, Santa Ana.
Lieut. Cecil S. Huntington, Huntington Beach.
Missing or Prisoner
Charles Ray, San Juan Capistrano.
Ernest Kellogg, Santa Ana.

WILL PROSPECT FOR OIL ABOUT IMPERIAL

CALIPATRIA, April 14.—The prospect of a gigantic oil industry for Imperial Valley was forecast by organization here of the Imperial Valley Oil and Development Association, with a capital stock of \$100,000, to be used in prospecting and developing oil property.

Two hundred prominent land owners, bankers and business men, representing every city in the valley, are members of the closed corporation. The association will maintain offices in Brawley. Prospecting for oil will be started within a week.

For several years there has been more or less wildcatting along the rim of the mountains west of California, but lack of funds has caused prospectors to give up the search perhaps on the very eve of a strike. Geologists who have investigated the oil shales and seepages along the rim of the range eighteen miles west of here declare they believe these oil-bearing rocks to be an indication that the field is a continuation of other Southern California oil fields, and predict that oil in profitable quantities will be found here.

Home-made candies, fresh every day. Nougats, fudges, caramels and brittle. Lion Candy Kitchen, 113 West Fourth.

SCHOOL BOARD'S RACE BRINGING OUT RECORD VOTE TODAY

**Indications Are That Ballot
Will Be Heaviest Ever Cast
In City Election**

Election returns will be posted at the Register office tonight. The polls close at 7 o'clock, and bulletins from the polling places will begin to come in probably by 7:45 o'clock. Telephone calls will be answered.

If there is a heavy vote polled at the Santa Ana city election, being held today, it will be largely due to the deep interest that is felt in the selection of five members of the board of education. That the vote would be the heaviest in the history of that city's elections was indicated by that fact up to noon.

While this interest was not manifested in the rushing around of automobiles with banners, it is marked by the buzz of conversation at the polls. It occupied no small share of consequence in conversations around the doors of the churches yesterday, following morning and evening services.

The Church Ticket
Yesterday at a number of churches small cards were passed out bearing the following: "For School Trustees: F. L. Andrews, H. C. Dawes, A. B. Gardner, J. L. McBride, J. Dick Wilson."

Most of the pastors explained from the pulpit that these were the five men endorsed by the ministerial association for election to the school board.

One of the hardest fights that is being made today is that for trustee for the fourth ward. In a number of the precincts automobiles are busy for each of the contesting candidates, City Trustees George McPhoe and H. Dale. Both of these men seem to have done more organization work than was done by any of the other candidates for city offices. There are also many people actively interested themselves today in the contests in the first and third wards.

Over City Attorney
A good deal of pep has been put into the fight for the city attorneyship by reason of City Attorney G. H. Scott's campaign advertisement that appeared in the Register Saturday. Friends of J. C. Burke, who is Scott's opponent, are claiming that the statements made by Scott are of the eleventh-hour order, and are really helping Burke considerably. Scott turned out early this morning at the polling places, calling his cards to nearby posts. He has made perhaps the most energetic house-to-house campaign made by any candidate whose name appears on today's ballot.

RAIL BOARD REPORT SHOWS BUSIEST YEAR

SACRAMENTO, April 14.—The annual report of the State Railroad Commission, which is just off the press of the state printing office at Sacramento, tells of perhaps the busiest year in the history of the commission. According to the report, the commission held 717 public hearings between June 30, 1917, and July 1, 1918, these hearings calling for sittings by the commissioners and the examiners in every section of the state.

In addition to these hearings, the commission met 208 times in its San Francisco office. In the twelve months covered by the report there were 1590 informal complaints filed. Of formal applications filed, there were 693, or 250 more than were ever filed before in any one year. The commission handed down 3736 decisions, exceeding in volume of judicial work any other commission in the country.

SAN FRANCISCO WILL GIVE SOLDIERS JOBS

SAN FRANCISCO, April 14.—When representatives of the war department called at the mayor's office to inquire what San Francisco was doing to provide jobs for returned soldiers they were told the city would guarantee a job for everyone.

The men gathered about the mayor turned in and began criticizing the war department. Congressman John I. Nolan said the department was flooding industrial centers with men from the sparsely settled states and urged that the department keep men going until they reached points near home.

Lige Angry With Police When They Took Him Out Of Card Sharp's Clutch

SAN FRANCISCO, April 14.—Lige Vandyeke of Red Cloud, Neb., made emphatic protest because a policeman interfered when two card sharks were trying to get Lige's money.

The sharks, known to police as the "Little Swede" and "Sad Sam," were deeply engrossed in the game when Detective Sergeant McConnell appeared. They beat a hasty retreat, leaving Lige very sore.

"I had those fellows in the hole for \$400, and was going strong when you batted in," Lige explained.

15,000 Girls Needed for Farmerettes

Head of Woman's Land Army To Provide Jobs For Ex-War Workers

BOSTON, April 14.—Girls who have lost jobs as war workers are to be given a chance to join the 15,000 "farmerettes" who last year stepped into the breach created by the national draft and helped the farmers harvest their crops, according to Mrs. W. H. Schofield, newly elected president of the Woman's Land Army of America.

Mrs. Schofield is the founder of a training course for women in food production and conservation on her beautiful estate, "East Hill," in Southern New Hampshire. She became the pioneer in New England of the woman-to-the-land movement.

Buys Forty Acres of Mabury Ranch on West Seventeenth

Louis C. Lühr, a prominent rancher and business man of Encinitas and San Diego, has purchased forty acres on the Mabury tract on Bristol street. The piece adjoins the tract of sixty acres recently acquired by Oscar Gruenewald of this city. The sale was made by the C. B. Berger Company of Anaheim.

Lühr has had years of successful agricultural and horticultural experience in California, and has desired to locate in Orange county for some time. He has watched the wonderful development of this section with unusual interest and is laying plans for immediate improvements on the property just acquired, which when finished will make it one of the high-class groves of Orange county.

C. B. Berger & Company report the sale recently of 7.6 acres in the Peralta Hills tract to A. Dittmer of Orange. Acreage is planted to Eureka Lemons and Valencia oranges, the trees being three years old.

BOYS GO TO SCHOOL ON UNCLE SAM'S WAR SHIP

NORFOLK, Va., April 14.—When the United States S. S. Cruso left Seattle, lumber laden, for Norfolk, she carried a green crew of boys. Five able seamen represented the experienced hands aboard. Before the end of the voyage a number of the once green crew could "shoot the sun," take an azimuth, or figure a sight, the result of navigation classes held en route.

The navigation school is a shipping board idea. The members of the crew made such progress, and were so interested in their class work that interest was stimulated in all their work. Discipline was greatly improved and the ship kept in such condition that at the end of the long voyage, no repairs were necessary.

As soon as the time of sea service required by law is completed, these boys will be entitled to third mate papers and assigned to some ship of the merchant marine service for bridge duty.

(CONTINUED ON PAGE EIGHT)

ORANGE COUNTY WILL MEET ITS QUOTA OF WAR OBLIGATIONS

**South. California Campaign
Managers Talk to R. L.
Bisby's Bond Workers**

Decaring that Orange county and every district of Southern California is going over the top in the coming Victory Loan drive and presenting undeniable facts and reasons why they should do so, heads of the different departments of the Southern California Campaign Committee Saturday afternoon gave Orange county workers valuable pointers on methods for conducting the drive.

The meeting was held at Clune's theater, with a good representation of R. L. Bisby's co-workers present. A dinner at James' followed. At the latter the chairman of cities and districts voiced the opinion that each community in the county would support the final issue with the same enthusiasm and patriotic spirit that has characterized them in past drives.

The men from Los Angeles and Pasadena, were Major J. B. Coulson, who was overseas in Red Cross work and who is a banker of Pasadena; H. S. McKee, chairman for Southern California; R. H. Moulton, campaign manager; Harold Janss, manager of publicity, and Leslie B. Henry, representative of the Twelfth Federal Reserve district.

The program at Clune's was preceded by a vocal selection by Miss Edith Cornell, with Miss Ruth Armstrong as accompanist.

People Who Do Things
"I am glad to talk to people who do things, and you are men and women who do things in Orange county," said Major Coulson, in opening his talk to the workers.

"Don't think for a moment that you are not going to put this issue over. There are many reasons why the people of the United States should buy freer at this time than when the war was in progress. The deaths and disability of the manhood of France have been greater than the full army strength of the United States on foreign lands when the armistice was signed. That nation put over nine loans, and every one of them was oversubscribed. There was hardly a family in the nation but had felt the hand of the war, and everyone subscribed.

"It is you people here at home who won the war. It was not the actual fighting that brought a cessation of hostilities. It was the knowledge that the United States was going full speed ahead, of which the German war lords had perhaps better information than the public here, that stopped the carriage. Bills were contracted on every hand. The order came from the American people.

"If we ever had a just obligation, it is the one we now have. Every one of those bills must be paid. We now have about a million and a half men overseas. They cannot be brought home faster than at the rate of about 300,000 per month. We still are under obligations to those boys. I do not believe there is a single American who believes that those boys should be left over there to rustle for themselves and get back home as best they can. "The expense of their maintenance and return—we must and will provide. The funds from the coming issue will be used in returning those boys and in paying the just obligations of this nation, contracted before the armistice was signed. The obligations are just—and we will meet them."

Meals for Workers
R. H. Moulton stated that the treasury department is arranging a medal to be given every man and woman who has worked in all the campaigns. The value of the workers who have been through previous drives is recognized and his report was to the effect that the force for the pending drive will be

USE Resinol FOR THAT SKIN TROUBLE

That skin trouble makes you feel as though you must creep away and hide. While there is fun and laughter on all sides, nobody seems interested in you. Possibly you could enjoy life as they do if you would but give the Resinol treatment a fair trial. Ancient the red rough spots and irritated places with Resinol Ointment.

For a free trial of soap and ointment write, Resinol, Baltimore, Md. Keep the face and skin well cleaned with Resinol Soap for it contains just enough soothing medication to relieve the most irritated pores. For other skin disorders on the body or limbs, the same treatment may be applied. At all drug stores.

EL MODENA FARM CENTER FAVORS STATE BODY

California Federation of Farm Bureaus Endorsed at Last Night's Meeting

EL MODENA, April 12.—Endorsement of the proposal of the recent Riverside conference that a state federation of farm bureaus be formed for the purpose of handling state farmers' problems, including those of marketing and legislation, was given by the newly-formed El Modena Farm Center Friday night at a joint session with the El Modena P. T. A. at the schoolhouse. The meeting followed one of El Modena's famed suppers generously contributed to by the various local families who took part.

H. E. Wahlberg, county farm advisor, addressed the gathering in the school auditorium on the work of the farm centers and the county Bureau. Fourteen centers are now in operation, with prospects of another being formed in the near future, the speaker said. Wahlberg tendered the cooperation of his office, told how to outline the year's center program, and urged that a permanent enthusiasm be kept by the members so that the local organization may be most successful. He told of the proposed state Federation and how it would benefit the farmers by taking up produce marketing, needed legislation, such as the Eden water conservation bill, which was recently defeated for lack of a state farmers' organization, and other questions of vital interest to the farming communities, including the present telephone situation.

Orange County Best of All.

E. E. Campbell of Orange told of the recent 950-mile tour of the state by the county farm advisors and farm bureau presidents, following a conference at Berkeley. He told of the concentrated poultry plants at Santa Cruz, with as many as 4000 hens kept on an acre of ground with pullets slightly over four months old laying eggs; of the great area of pasture land in the up-coast country, housing of laborers (Mexican) at Oxnard, and of interesting points noted in other sections visited. It was due to the Orange county supervisors, he said, that those on the trip did not have to pay for meals given them, for when the word went out that Orange county had appropriated \$200 for a barbecue the other districts fell in line and also provided free dinners and suppers where the delegation stopped. The barbecue at Orange county park was the best meal of the trip, he said, and the Tustin ladies who prepared it a short notice certainly earned an enviable reputation. The visitors, he said, had heard Orange county boasted of and bragged about, but all conceded after the visit here, that the story had not half been told.

W. T. Chapman, farm center president, presided, and musical numbers were provided by the grammar school orchestra. Mr. Stoner was present to lead a discussion of the Union High School memorial project which met defeat at the polls last Saturday by a small margin of Orange city votes.

Announcement was made of the county farm bureau picnic at the county park May 3, an El Modena Improvement association meeting this evening, and of the next farm center meeting on May 12.

Pioneers Attend Funeral of Mrs. Nancy J. Tedford

Scores of old-time residents of Santa Ana were among the many people who Friday gathered to pay their last respects to Mrs. Nancy J. Tedford, pioneer of this section. Though Mrs. Tedford, who died at the age of 87, was infirm since prevented from further active participation in the affairs of her church and friends, the memory of her in all her good works, her neighborliness and true womanliness was as fresh in the minds of those who had known her during the more active years of life as it ever was.

Something of the work that Mrs. Tedford and her family did in the pioneer life of the county were touched upon in the tribute paid to her by Rev. A. T. O'Leary, pastor of the South Methodist church, at her funeral held Friday at Smith & Tuttle's chapel. Songs were beautifully sung by James Nuckolls. The bearers of the casket were Clarence, Granville and Robert L. Tedford, Oscar Maxwell, Harry Warner and Will Armstrong. Interment was in Fairhaven cemetery. Her grave is next to that of her husband, William N. Tedford, one of the first supervisors of Orange county.

STEAK DINNERS OUR SPECIALTY

Special Tenderloin, Porterhouse, T. Bone, Columbia Special, fancy, club and Rib Steaks. No matter what your palate craves, we have it. Our meals range in prices from 30c up. We use eggs and poultry direct from the ranch. All eggs are cooked in butter. We serve the largest variety of Salads of any eating place in the city. Try us once and you will come again. OPEN FOR SERVICE FROM 6 TO 10 EVERY DAY. COLUMBIA CAFE 107-109-111-113 East Fifth St. F. KALOG AND G. FLORAS, Props.

REACH SNOW LINE ON BALDY TRAIL

TALBERT, April 12.—Among local people who drove to Mt. Baldy last Sunday were Mr. and Mrs. Hugo Lamb, Mr. and Mrs. J. O. Harper, Mr. and Mrs. L. T. Wells and family. The Wells party went with Mr. and Mrs. Berry Stice of Santa Ana and other members of their immediate party were Mr. and Mrs. Stice of Illinois, late arrivals here and parents of Berry Stice; Mr. and Mrs. Charlie Preston and Albert Stice, all of Santa Ana. They drove as far up the trail as could be made by auto and walked on up to the snow line, which was close to the summit, and then snow was only to be found in the deeper ravines.

Mrs. Wells made some snowballs while there and by rolling them in paper preserved them until reaching Santa Ana, where she presented them to some eastern friends who felt more at home with them in their possession.

Guests at Parsonage
Rev. and Mrs. J. J. Woodson and family entertained as guests at the parsonage Friday Mr. and Mrs. H. D. Yarbrough and two sons of Los Angeles. The two families were intimate friends in their home town, Providence, Ky., before coming to California, and this visit was one of farewell as the Yarbroughs leave in a few days for the old home to reside. They have spent four years in this state.

Tom Gisler Coming Home
Tom Gisler will leave San Francisco on a furlough home next Sunday evening or Monday morning. It was learned here Thursday morning by the parents, Mr. and Mrs. Robt. Gisler, who received a telegram from him to that effect. Gisler is of Co. E, 36th Infantry, and is one of Talbert's heroes that saw active service in France, when the "Wild West" Division was in the thick of the fight.

Early in the fall Gisler received a shot in the left forearm, which has since kept him an inmate of the hospital. At present he is in the Letterman hospital. The wound continues to cause him trouble, small pieces of bone frequently working to the surface and again breaking out when apparently healed.

He expected to reach home before this but a late recurrence of the trouble caused him to be returned to the main hospital again last week when another X-ray of the wound was taken and a different form of treatment administered.

Mr. and Mrs. L. T. Wells and family spent the past week at their ranch near town while seeing after crop interests.

Mrs. Robt. Gisler, daughter, Miss Agnes Gisler, and daughter-in-law, Mrs. Walter Gisler, drove Wednesday to Anaheim, where they were guests for the day of Mrs. Bernard Stoffel.

H. W. Barbee began irrigating part of his best crop Wednesday. He is now on a thirty-acre piece and will later irrigate the remainder of the crop.

Mr. and Mrs. George Bradley of this place and the latter's sister and husband, Mr. and Mrs. George Mills, of Garden Grove, left Friday morning for Visalia, where they visited Will Barker, a brother of the ladies of the party.

A party of local people composed of Mr. and Mrs. Earl Lamb and Mrs. Lamb's sisters, Mrs. Lena Waite and Miss Grace Bradley, drove to the Modjeska ranch on Sunday, going by way of the county park.

Mrs. Leo Borchard entertained her niece, Miss Clara Hauptmann, at her home from Friday until Sunday. Sunday evening Mr. and Mrs. Borchard took her home to Olive, spending the evening with friends on the way.

Buys Wintersburg Store
J. G. Parsons, proprietor of the Parsons & Parsons store of this place, has added to his mercantile possessions by purchasing the Wintersburg store. The transaction was made this week.

Mrs. Hugo Lamb and little daughter enjoyed an all-day church picnic at Orange County Park on Thursday with a party from the Church of Christ of Santa Ana.

Dr. Hancock, near Postoffice, makes Glasses that improve the eyes.

Just a reminder—call us early for that Easter suit or gown. Sutorium, 421 North Main. Call 279.

SOLDIERS, ALL!

Seal Beach Wave
There should be less distinction between the boys who went overseas and those who remained at home because they were not permitted to go. The boys who served their country on this side of the pond were just as eager to get into the fray as those who went across. At all receptions and other affairs given for the service men, the boys who stayed in the army come at home should be placed on an equal footing with those who went over the top.

About twenty-nine out of every thirty men who served in this war in the uniform of the United States are still alive. About nine out of ten of the total number were neither killed, wounded, nor seriously ill. All of those who came through the struggle unscathed are better men, physically and otherwise, than when they went into the service.

Just a reminder—call us early for that Easter suit or gown. Sutorium, 421 North Main. Call 279.

ORANGE COUNTY TO MEET WAR OBLIGATIONS

Campaign Managers For Big Victory Loan Stir Much Interest By Talks

90 per cent of the men and women who were in the drive for the fourth loan. Emblems for the workers will be made from German cannon.

"We have got to go once more, and by George we are going over again," declared R. L. Bisby, county chairman, commenting on the announcement of Moulton that the workers in previous drives who go through this campaign would be rewarded.

"We gave this government an open order to get victory, we pledged our wealth and our lives to the last man if necessary, and now it is up to us to make good," said Chairman McKee. "The victory we ordered was given us and we have obligations to meet. Every man, woman and child of this nation is under contract with the government to pay every just bill owing."

Is This Sound Reasoning?

"Men are occasionally heard to say that while they bought bonds willingly when the country was fighting for its life, they do not feel obliged to extend their credit to the nation now in time of peace."

"They say," if the government wants to borrow money, let it apply to those who have money to loan. To anyone who reasons correctly, it will be plain that if the government were borrowing this money for the purpose of undertaking some new project which the public had not previously authorized, that view would be perfectly sound and correct. But is it correct under the circumstances that do exist? What are the circumstances?

Delivered Victory Order

"We were at war for our very national life, the security of our property and the personal safety of every one of us. We were determined upon victory at any cost, in either wealth or human life. We chose our own government and we authorized it to take life and wealth, absolutely without limit, to win victory. Our government won it for us. It did it nearly a year sooner than we expected, at a far lower price than we would have been glad to pay. It is exactly the kind of victory we wanted. We are well pleased with it. But, in hurrying back to peace and safety and to the pursuit of profits or wages, we forget that we still owe for it. This is no new obligation that each of us may enter upon or not as he pleases. It is the fifth and final installment on a just debt that we have eagerly incurred and must honorably pay."

Should Banks Buy the Bonds?

"There are those who say, 'The banks ought to buy this entire loan.' After doing so, should the banks then turn to the business of loaning bonds instead of money to depositors? To the extent that a bank parts with money in exchange for bonds, it has, to that extent, ceased to be of any further use as a bank serving the public and the nation."

"To illustrate this by an extreme case, if a bank should exchange all of its loanable funds for bonds, it might as well close its doors, because it could no longer further business with any one. Such a bank, to be sure, might earn just as much money, for it would be receiving the interest on the bonds; but it could do nothing for the public. Probably three days without banking facilities would bring modern business and industry to a virtual standstill."

Liberty Bond Prices

"There is the occasional investor who says he will buy no more bonds because the ones he bought are quoted below par in the market. If he has not already sold his Liberty Bonds, he can avoid any loss by holding them. There is no probability of their remaining permanently below par. Their fall was only because the country had to absorb so many in so short a time in order to insure a quick victory. But he thinks the government should have protected his from this apparent loss. By quick victory, the government protected him against paying his proportion of an indemnity to Germany; it protected the security of his family—perhaps the life of his boy—and the safety of his business and property. He can now live throughout the future in security and personal liberty. To decline to buy his full proportion of the Victory Loan is just to deny that he is one of those for whose liberty and protection the war was fought."

"Apparently there are even those who feel that they need to buy no bonds in the Victory Loan provided they are sufficiently critical of the government for its mistakes and its extravagance. One of the things that won the war was extravagance; and Victory forgives a multitude of mistakes. The French find just as much fault with their government; so do the British; so even do the Germans. Our government is just as good as we deserve. We create it from time to time to suit ourselves."

Who's to Blame

"Very few of us have ever devoted much of our time or money in efforts to remove the faults and weaknesses in it that we criticize. That it was not better suited to the task is nothing but the fault of every one of us. It was never designed to fight wars with. It undertook a perfectly appalling task and performed it successfully. As governments go, it is probably the best of any of them. Abuse of it cannot be accepted as a substitute for support."

"There are people who say the government must make the bonds so attractive that a supposed class called 'the investors' will want them. If this could be done, the very people who propose it would roundly denounce the government for having given away vast profits to these investors. But in reality there exists no great money-lending class to whom we may direct the government and thus evade our individual responsibility. There is no such sum as six thousand million dollars of surplus wealth in the hands of anybody merely awaiting attractive terms for investment."

"These bonds must be bought (or a

like amount in taxes levied) and they can be bought in only one way—by all the people of America, each in approximate proportion to his ability, just as heretofore. They must be paid for either out of savings that have already been made, or by borrowings which shall be paid, in turn, out of the savings of the future. There is no other method."

This Is the Last One

If the war were still going on and the expense still piling up, as we expected it to be, we would have bought in that way not only this but a sixth and a seventh loan, and perhaps others as well. But now this one is the last. Its success rests upon the honor and integrity of the American people. They chose their government; its acts are their acts and they will fulfill its obligations. Not only some of them will do it, but practically all of them will do it. Personal honor and integrity will impose most of them. Public opinion will compel the remaining few. When the government calls upon the people of this country to buy its bonds whereby it may discharge a just indebtedness which the people of this country ordered it to incur, the willing, the patriotic and loyal, who do their full proportion, are not going to subjected to an additional burden being placed upon them by allowing a few delinquents to evade their just responsibility upon specious pleas that will not bear analysis."

Danger Is Not Over

"It is not the war that is over, but only danger. War includes production, transportation, financing, the mobilization and demobilization of army and navy, and many other things. None of these are over—only the fighting is. Your proportion of this loan is just as much as it would have been if they were still fighting."

Leslie Henry impressed his auditors with the fact that the war is over only for the men who were fighting. The war for the civilian population is

not over until money is available to pay the last debt contracted by this government in behalf of the people to bring the devastation overseas to an end. Every man, woman and child who stayed at home is under moral obligation to buy his or her proportionate share of this last issue."

County Vote Bonds For Phone System To Be Recommended

A mutual telephone system, organized by private parties, is not for Orange county.

Recommendation of the joint telephone committee of the Orange County Farm Bureau and Associated Chambers of Commerce of Orange County will be that a county bond election be called to vote funds to acquiring the system of the Pacific Telephone & Telegraph Company, unless some other method can be developed.

This, in brief, is the substance of a report made yesterday to the directors of the Farm Bureau by H. B. Woodrough, who has just returned from a conference with the Railroad Commission in San Francisco.

Woodrough is president of the bureau and a member of the joint telephone committee and he was in San Francisco and Sacramento on bureau and telephone business this week.

His conference with the Railroad Commission was for the purpose of ascertaining what position the commission would take in the matter of granting a permit for a mutual phone company in the county. Nothing doing—that is the word direct from the commission. "The commission will protect the stockholders of the operating company and will not grant a license for the institution of a service that would parallel the lines of the Pacific Tele-

Truly a Wonderful Product

ROYAL BAKING POWDER is really a remarkable product.

The origin of ROYAL begins with the grapes on the vine. Their purity comes to you unsullied.

The leavening power of ROYAL is balanced to the exactness of an atom, never varying in the slightest degree.

The wholesomeness of ROYAL is recognized and acclaimed by the noted physicians and diet experts of the world.

The economy of ROYAL is in the prevention of waste in keeping baked foods fresh longer and making home baking so satisfying that it takes the place of more expensive foods. It surely pays to use

ROYAL Baking Powder

Absolutely Pure

Made from Cream of Tartar derived from grapes
Contains No Alum—Leaves No Bitter Taste

Dancing is Our Business
We Know How

ful advertisers are those men who have not only decided to advertise, but who have decided for the most part (almost 100 per cent) to build their business by the power of advertising. They have not hoped to build it that way in a day or a year. In many cases it took more than a decade to achieve anything like prominence in the public mind.

Easter Fashion Show at Leipsics Tuesday Night 7:30 till 9 Music Living Models

Come and be our guests tomorrow night at our Third Fashion Show. We have many pleasant surprises arranged for you. See the beautiful living models promenade down our Fashion Lane arrayed in exclusive apparel direct from New York City. We will have music also, for your further enjoyment. We will have seats for over 500 people, so come early and await Dame Fashion's best achievements.

When you think of Dry Goods, think of Leipsics.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister. As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

ARTICLES SEEN AT ROCHESTER HOME, HARPER

Chair is 300 Years Old, Table Made in 1828; Pictures, Papers, Interesting

HARPER, April 14.—A pleasant hour was spent on Wednesday at the home of J. H. Rochester looking over old things. Among them are a chair 300 years old, an elaborate table of Circassian walnut highly carved and inlaid, made in 1828; some pictures of his relatives painted in his great-grandfather's day; a large collection of papers and letters containing autographs of Martin Van Buren, John Quincy Adams, Henry Clay and others when his grandfather, W. B. Rochester, was a member of congress in 1822. At that time blotters were not used but signatures were sprinkled with sand to dry the ink and the sand can easily be felt now adhering to the paper over names signed. There were no printed blanks used then, all documents being written out in full with a quill pen.

Georges Lowery and daughter motored on Tuesday to Victorville where he owns a 160-acre ranch. Charles Gardner has sold his five-acre home on Orange avenue to Shaw and Russell of Santa Ana. It being leased to Mr. Henshaw until next fall, no change will take place at present. Mr. Gardner is preparing to start on his journey east about April 25 and expects to finally locate in New York.

Mrs. William Smith and Mrs. Harry Snow with their children made a visit to the family of Mr. and Mrs. J. R. King on Tuesday where the five grandchildren had a good romp.

Cabinet Meeting

The Epworth League held a cabinet meeting on Tuesday night at Mark Baker's. There were present Jennie Cleghorn, Harold Spaulding, Mignon Swales, Mr. and Mrs. R. King and Alice King. Besides having a good social time, with hot chocolate and cake, it was planned to hold an ice cream social in the Harper church on Friday evening, April 25.

C. A. Anderson is helping D. J. Dody in his orchard work.

Mr. Middleton went to Santa Ana last week and got a load of trees to decorate the Harper school grounds. This is a move in the right direction both for the appearance and the desirable shade the trees will make.

Mr. Swanson is putting some good work in his orchard.

Mabel Ozmert of Santa Ana was in the neighborhood on Thursday visiting old friends made during her residence here a number of years ago.

Mrs. Dorothy Allemen is visiting her brother, Ray Watts, at Owensmouth, this week.

Mrs. Edgar Ross and two small sons have returned from an outing at Long Beach.

The Watts family had a very pleasant reunion on last Sunday.

Miss Plummer is having her new home beautifully decorated with rose hedges and other ornamental plants. J. R. Thompson is doing the gardening.

Mrs. J. H. Culver of Los Angeles was a visitor at George Huntington's home on Wednesday.

George Gardner has ordered another hundred of those twelve-week-old White Leghorn pullets at \$1.25 each. It is quite a question whether one can raise chicks from a day old as they come from the incubators, up to twelve weeks old, standing the loss from death and a large percentage of roosters, and get the desired pullets for a less figure. Gardner's 400 pullets will cost him an even \$500. Roy Wertz is brooding 1000 chicks from a day old and he can probably tell when they are twelve weeks old which is the cheaper method.

Junior Red Cross Report

The final report of the Harper Junior Red Cross shows that for the year closing in March the following articles were made and sent away: 30 quilts, 165 garments for children, 100 repaired garments, 96 property bags made. The P. T. helped the Juniors in the work which was directed and carried on by Mrs. Alice King and Mrs. Martha Thompson.

Schoolhouse Still Unsold

The sale of the old Fairview schoolhouse has not yet been consummated. Bids may still be handed in to Mrs. E. A. Spaulding, clerk, until Saturday night. Each bid must be accompanied by check or cash for one-fifth of the amount bid.

Mrs. Lincoln and her daughter, Ethel, are putting the Rosecliff hotel in order to receive guests. Gas was piped and installed last week and other preparations made for convenience and comfort.

E. L. Quinn says his lemons are getting so big they'll have to be picked. The limited demand has caused growers to let them hang on the trees as long as possible.

Correct styles in spring millinery at moderate prices. Miss Nannette Goldenberger, 323 W. Fourth St.

Our bike repairs 100 per cent perfect. Make us prove this. Livesey's, 214 East Fourth.

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

20 ACRES, OLD HOME

WINTERSBURG AND SMELTZER, April 14.—Twenty acres of the ranch commonly known as the Milo Hall place was sold last week to Boydon Hall of Huntington Beach by the owner, Mr. Hillman. Hall has purchased the part on which the improvements stand and will move with his family immediately. He is delighted at the prospect of returning to the old home and will drive to and from Huntington Beach daily, where he is teaching in the grammar school.

A hand crew was employed cleaning the lower canal of the Bolsa drainage district in this vicinity last week. A. Ruoff is irrigating a hundred acres of land preparatory to planting his bean crop.

Mr. and Mrs. T. M. Pryor heard Wednesday from their son, Earl Pryor, and were disappointed to learn he is still in France. He has been at the port of embarkation for some weeks and they have been waiting daily for a telegram telling of his arrival in New York. No word in any form came and the family was becoming uneasy when this letter arrived. He had been expecting to leave at any hour for three weeks, he wrote, and so had delayed writing.

The Bradbury & Miles general merchandise store at Wintersburg has been purchased by Joe Parsons, proprietor of the Talbert store. E. R. Bradbury will remain in charge of the local store for the present.

Bible Class Party

Monday evening the ladies' Bible class of the Methodist Sunday school, of which Mrs. W. F. Slater is the teacher, enjoyed a delightful party at the home of Mrs. A. H. Moore. Beside the class members a number of invited guests were present. Besides the pleasant social amusements, a light supper was enjoyed.

The ladies who formed the jolly party were Mrs. W. F. Slater, Miss Ruth Jordan, Mrs. R. J. Morgan, Mrs. A. Ruoff, Mrs. Ray Moore, Mrs. Emil Kettler, Mrs. Pratt, Mrs. E. M. Fox, Mrs. Nathaniel Walton, Mrs. Geo. McKirk, Mrs. Mary E. Clemens, Mrs. E. O. Ensign, Mrs. C. M. Ross, Miss Ethel Dwyer, Mrs. Raymond Mallet, Mrs. C. N. Davis, Mrs. Carrie Mallet and the hostess, Mrs. A. H. Moore.

Visited by Army Pal

Lloyd Davis, who has returned from army service overseas and has been with relatives here, was visited Wednesday by one of his pals, Tom Creed, who had just come in from Camp Lewis, where he received his discharge.

Davis and Creed became acquainted at a Texas aviation field, where they were in training. They were sent from there to Canada where they remained five months; back to San Antonio, Texas, and from there overseas together, where they were in the thick of things on the battle lines in France and later saw a great deal of Belgium, France and England together. The boys were not separated until they started home and they were more than glad to be reunited.

Creed is at present a guest at the Bell home near Santa Ana.

Davis left Thursday evening for Whittier, where his mother resides.

The young people of the Epworth League of the Methodist Church held their first practice for the Easter program which they are preparing, Tuesday evening. The Leaguers will have full charge of the evening services on Easter Sunday, which will combine the Easter and missionary features. The program promises to be very interesting.

Missionary Meeting

Next Wednesday, April 16, is the date of the all-day missionary meeting, which will be held with Mrs. Ross at the parsonage. Dinner will be served at noon and the afternoon will be devoted to lectures on the missionary cause by Mrs. Mae Chilson Brown of Santa Ana, who is a returned missionary from China, and will have many interesting and instructive incidents to relate, and by Miss Laura Charnock of Los Angeles, who is in charge of this district.

In the evening Mrs. D. D. Dundas, wife of Rev. Dundas, former pastor of the local church, will give an illustrated missionary lecture with the aid of her stereoscopic machine.

Rev. and Mrs. Dundas are located at Arlington this year and the popular couple will be heartily welcomed back on this visit by their many friends.

Automobiles Speed Up

The automobile race contest in the Methodist Sunday school made an extra burst of speed the past week, three classes having reached the 100-mile point.

The score stands as follows: Class No. 1—Overland; Mrs. W. F. Slater; 115 miles; gain, 20 miles.

No. 2—Cadillac; E. Ray Moore; 45 miles; gain, 10 miles.

No. 3—Ford; Miss Ruth Jordan; 100 miles; gain, 15 miles.

No. 4—Stutz; Mrs. E. M. Fox; 70 miles; no gain or loss.

No. 5—Packard; A. H. Moore, 95 miles; gain, 15 miles.

No. 6—Hupmobile; Miss Carrie Mallet; 70 miles; gain, 15 miles.

No. 7—Dodge; Miss Ethel Dwyer; 105 miles; gain, 20 miles.

Mrs. Thornton, who, with her two children, have made an extended visit at the home of her mother, Mrs. A. Stefani, left Friday for Seattle, Wash., her former home, to reside.

Mr. and Mrs. Clinton Brush have an eight-pound daughter, born Wednesday, April 9. They have named her Myrtle Edith.

Rev. C. M. Ross, pastor of the Wintersburg Methodist Church, announces a "Good Friday" service for the evening of April 18. Rev. Ross will preach at that time and the sacrament of the Lord's Supper will be administered.

Mrs. T. J. Stockton, daughter, Miss Eunice, son, Morris, and nephew, Lloyd Davis, attended a picnic at Orange County Park Thursday, held by the church of Christ of Santa Ana. Mrs. Hugo Lamb and little daughters, Lois and Alice, accompanied the local party.

HOUSE WANTED

I want a house of six rooms, all on one floor, modern, by May 1. Will lease for one year. Phone 87.

ONE-MAN ROAD SYSTEM PASSES

Ream's Measure for County Engineer Plan Accepted By Assembly

According to a Sacramento dispatch, two assembly bills affecting county highway supervision passed the assembly last night. Ream's bill authorizing supervisors to appoint a county engineer and requiring them to appoint such engineer on petition of 25 per cent of the voters, and Wickham's bill authorizing supervisors in charter counties to appoint a highway commissioner. Under the terms of the bills either officer would have complete supervision of highway work. The distribution of funds by supervisorial districts is not to be disturbed should either bill become law.

There is a good deal of interest in Orange county in the Ream bill. Since this county has no charter, the Wickham bill will not apply here. Whether or not the Board of Supervisors will place Orange county roads under a one-man system cannot be determined at this time. There has been some agitation here in favor of such a step.

Fullerton Company To Build Bungalow Court, Apartments

FULLERTON, April 14.—There is something doing every minute in Fullerton in the building line, and yet there is only about one per cent of the work there should be to meet the urgent demands of every day.

The most important announcement along this line is the purchase of the southeast corner of Pomona and Whittier avenue, 150 feet on Pomona, running east 142 feet to an alley, by the Fullerton Improvement Company. The company gets 100 feet from Mrs. Edith Campbell and 50 feet from Guy Welton.

The company will at once have plans made for an apartment house and a bungalow court and will begin work as soon as the tenants can vacate and the three small houses on the property can be removed.

E. K. Benchley, president of the company, says that the demand for apartments and houses is so great that his company feels it necessary to do all in its power to relieve the situation, and he hopes that others in the city who are in a position to help will do all they can to relieve the situation and thereby build up the city.

The Standard Oil Company has brought 150 men down from Taft, Kern County, to work in the Kramer district of the local field, and a representative of the company was looking for 12 houses in Fullerton to accommodate twelve families of the new comers, but was unable to find a single vacant house in this city. And this is more embarrassing for the city than it is for the people who want to locate here, but are prohibited by the scarcity of accommodations.

V. A. Porter of 114 East Commonwealth avenue, reports the following real estate transactions as finally completed: Abe Pritchard to H. W. Daniel, 10 acres of walnuts on North Raymond avenue; Agnes Hutchinson of Los Angeles to Mr. Shields of Santa Ana, 10 acres of oranges just south of Placentia; Rufus Porter to Elizabeth Porter, seven acres of Valencia on West Orangethorpe; J. A. Greenough to B. F. Porter, 15 acres of oranges and five of walnuts on West Orangethorpe. Mr. Porter says the combined considerations for these transactions total \$93,000.

J. H. Walker, cashier of the First bank of La Habra, has closed a deal whereby he comes into possession of the Harrison ten acres which are located on Central avenue near Idaho street and across the avenue from the present Walker home. The ten acres are in five-year-old Valencia and are one of the show places in La Habra. It is understood the consideration was about \$30,000.

J. C. Rogers of Long Beach, has sold lot 150 near Santa Ana, to Rogers' subdivision, to W. D. Glen of Pomona and Truslow avenues. Mr. Glen will soon build a home on the property.

Lee Potter has sold lot 8, Hillcrest, to Waldo O'Kelley, who will build at an early date.

Dr. Hancock, near Postoffice, makes Glasses which improve the personal appearance.

Call Sutorium, 279, for first-class dry cleaning. "Johnny-on-the-spot" service. Fifth and Main.

WELL PRODUCING MILLION FEET GAS DAILY

Chapman Gusher is Pride of Southern California Oil Field

ANAHEIM, April 14.—The Union Oil Company's Chapman well is now regarded as the finest well in the state and the pride of the southern field. This great well has been throttled down to 2500 barrels, the production coming through a 3/4-inch dip nipple. The oil is testing 23 gravity and the cut is less than 6-10ths of one per cent. The gas pressure continues and is now up to 300 lbs. The well is making close to a million feet of gas daily, and comes in as a very valuable asset as the gas on all the Union's adjoining property was beginning to run low, hardly enough being produced for drilling purposes.

The Union Oil Company is making preparations to drill its No. 2 on the Chapman with cable tools and some of the biggest tools ever used in the local field. An 18-inch bit weighing 2100 pounds will be put to work on the hard conglomerate and it is believed that this big bit will crush and break the hard formation and make the drilling of No. 2 a much faster job than No. 1. The stem to which this big bit will be attached will weigh 2000 pounds and the jaws another ton, so that the combined tools will have a crushing blow of more than three tons. The rig for No. 2 is up, and the rigging up work is being rushed as fast as possible so that drilling will probably start there before the end of the week.

Making Record

One of the greatest records for drilling ever made for hard formation is now being made by the Standard Oil Company in the drilling of its Kramer 2-1 just across from the Union's producing Chapman well. The Standard well was spudded in late Sunday afternoon a week ago. The six days drilling showed 650 feet drilled or better than 100 feet in the hardest formation ever encountered. Practically all of this formation with the exception of the initial 200 feet has been hard stuff, and at 600 feet the real hard conglomerate that made the Chapman well famous was struck. The Standard accomplished this wonderful drilling record by running the rotary at high speed and putting on new bits every hour. After two feet had been drilled the pipe was pulled and a new bit put on. This method calls for frequent pipe pulling but it gets the hole down and that is the object in view in the new field. Get the well down and get it to producing as quickly as possible, is the slogan of the operators around the Chapman. Judging from the fast time the Standard is now making it appears as though Ralph Winger will have a producer for his company in less than four months.

The location of five wells by a single company illustrates the speed at which things are moving in this new field.

(Advertisement)

"No More Sleepless Nights"

Bathes Internally

Mr. J. W. Burrows, 271 West North St., writes Dr. J. B. L. Cascade, Institute of New York as follows: "I am still using the J. B. L. Cascade once a week, and find it most efficient for keeping me in fine condition. It acts as a sedative for tired nerves and has been a great help for sleeplessness. I have frequently arisen from bed and used it in the middle of the night with satisfactory results."

The reason for this remarkable result is because the functions cannot work properly when there is accumulation of waste in the lower intestine.

The "J. B. L. Cascade" by the simple process of properly applying warm water, eliminates all this waste and causes the functions to work smoothly and properly.

Over half a million intelligent Americans are now using the Cascade with similar results.

It is the invention of Chas. A. Tyrrell, M. D., of New York, a noted specialist on internal bathing for 25 years.

It will be shown and explained to you by Rowley Drug Co., Santa Ana, Calif., who will be glad to give you an interesting booklet by Dr. Tyrrell called "Why Man of To-day Is Only 50 per cent Efficient." This booklet is free upon request. Ask for it to-day while you think of it.

Call Sutorium, 279, for first-class dry cleaning. "Johnny-on-the-spot" service. Fifth and Main.

HOW WEAK WOMEN ARE MADE STRONG

Mrs. Westmoreland Tells in the Following Letter.

Harrison, N. Y.—"When my first child was born I did not know about Lydia E. Pinkham's Vegetable Compound and had a very hard time. I read in the newspaper about the Vegetable Compound and when my second child came I took it and was well during the whole time, and childbirth was a hundred times easier. Ever since then I have used it for any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N. Y.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, and for special advice write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

DOINGS OF THE DUFFS

SM, HELEN, GESS, TOM
INTENDS TO KEEP A COW
ALL NIGHT THERE'S A MAN
OUT HERE WITH A LOAD
OF HAY—

I GUESS THERE IS NO
QUESTION ABOUT IT—I WAS
OUT TO THE GARAGE AND
HE HAS A HANGER, NEED
A BAY

ALL THE NEIGHBORS WILL BE
OFF OF US FOR LIFE IF
HE BRINGS A COW
— AROUND HERE

I DON'T KNOW WHAT
HE'S THINKING OF—
I GUESS I'LL CALL
HIM UP—

tion for \$7500.

Number 10345
**NOTICE OF PUBLICATION OF TIME
OF PROVING WILL, ETC.**
In the Superior Court of the County of
Orange, State of California, in and for
the Matter of the Estate of George W.
Fate, Deceased.
Notice is hereby given that Friday,
the 25th day of April, 1919, at 10 o'clock
a. m., of said day, at the Court room of
this court, Department No. 1, in the
City of Santa Ana, County of Orange,
State of California, has been appointed
as the time and place for hearing the
application of John Doe, Richard Roe, and
George L. Fate, praying that a document
now on file in this court, purporting to be
the last Will and Testament of the
said deceased, be admitted to probate;
that Letters Testamentary be issued
thereon to Clara Whitteman and George
L. Fate, at said time and place all per-
sons interested therein may appear and
contest the same.
Dated April 11th, 1919.
J. M. RACKS, County Clerk.
S. M. Davis, Attorney for Petitioners,
5, Trust Building, Santa Ana, Cal.

The State of California, in and for the
County of Orange, and the Complaint
filed in said County of Orange, in the
office of the Clerk of said Superior
Court.
The Superior Court of the State of
California, in and for the County of Or-
ange.
G. W. Hixson, Plaintiff, vs. Charles
Buckles, and Maud M. Buckles, his wife;
John Doe, Jane Doe, Richard Roe, and
Jane Roe, John Poe and Jane Poe, De-
fendants.
You are hereby directed to appear and
answer the Complaint in an action en-
titled as above, and to file your answer
in the Superior Court of the County of Or-
ange, State of California, within ten days
after the service on you of this Summons
— if served within this county; or within
thirty days if served elsewhere.
And you are hereby notified that unless
you appear and answer as above required,
the said plaintiff will take judgment for
any money or damages demanded in the
Action Brought in the Superior Court of
Orange, State of California, within ten
days after the service on you of this Sum-
mons — if served within this county; or
within thirty days if served elsewhere.
GIVEN under my hand and the seal of
the Superior Court of the County of Or-
ange, State of California, this 10th day
of August, A. D. 1918.
J. M. WILLIAMS, Clerk.
County of Los Angeles, ss:
Roy M. Rosen, being duly sworn, de-
poses and says: That he is, and was at
the time of the signing of the papers
herein referred to, a citizen of the United
States, over the age of eighteen years,
and not a party to the within action;
that he personally served the within
Summons on the hereinafter named
defendants, by delivering to and leav-
ing with each of said defendants person-
ally, in the County of Los Angeles, State
of California, at the times set opposite their
respective names, a copy of said Sum-
mons, attested by a copy of the com-
plaint referred to in said Summons.
Names of Defendants served, Maud M.
Buckles.
Time of Service, August 20th, 1917.
Fees for service, \$5.00; mileage, \$3.00.
Total, \$8.00.
Subscribed and sworn to before me,
this 24th day of March, A. D. 1918.
JOHN D. DAWSON, Notary Public.
Notary Public in and for the County of
Los Angeles, State of California.

WHY ARE OUTFIELDERS FAILURES AS MANAGERS?

FRED CLARKE

FIELDER JONES

A rare bird is the successful manager of a major league ball club who has played the outfield. Which may perhaps explain why Lee Fohl was retained as manager of the Cleveland Indians, and the great outfielder, Tris Speaker, who was louted for the job, passed up.

Since the first season of the American League in 1901, the history of the two major leagues shows but two pennant winning managers who were outfielders.

Fred C. Clarke of the Pittsburgh Pirates was the most successful. Four times he led his team to victory in the National League. Fielder Jones managed once to put the Chicago White Sox in front, but since then has failed in his management of big league teams, and only last year resigned from St. Louis in the middle of the season.

The great majority of winning players in the big leagues have been catchers or infielders.

STATION MEN BEAT MINNEAPOLIS TEAM

SAN DIEGO, April 14.—The naval air station baseball team of North Island defeated the U. S. S. Minneapolis yesterday afternoon on the Stadium grounds, in a benefit exhibition for the Salvation Army. The score was 8 to 4.

The contest attracted one of the largest crowds of this year, as it was a battle between the flagship of the Pacific Coast and one of the best training station teams. Admiral W. F. Fulam, commander of the Pacific Coast Division, pitched the first ball, and Capt. Arthur MacArthur, commander of the land forces, received. The pitch was called a strike.

Hub Dawson worked for the winners and twirled gilt-edge ball for eight innings. Besides pitching fine ball, Dawson featured with a triple in the sixth, scoring three runners. The score:

R. H. E.
U. S. S. Minneapolis 4 6 5
Naval Air Station 8 10 2
Batteries—Dawson and Billings; Loos and Cunningham.

FRED GILBERT WINS L. A. GUN CLUB PRIZE

LOS ANGELES, April 14.—Fred Gilbert's feat of smashing 4850 targets yesterday won for him the special trophy of the Los Angeles Gun Club in the weekly distance handicap shoot. The W. L. de Wolff prize, offered for the second best score, went to A. Pachmayr, with 4735 to his credit.

Silver trophies were awarded to the following marksmen: H. P. Pfirrmann, E. K. Mohler, E. W. Bailey, C. E. Groat, O. L. Grimsley, A. J. Bruce and Mark Tugate.

C. E. Groat, E. W. Bailey and Heinie Pfirrmann shattered 25x25 in the open championship. F. H. Melius continues to lead in this event with a total of 35 points; Mrs. C. E. Groat is second with 31 tallies.

Honors in the L. A. A. C. division of the program went to L. R. Mellus, with a score of 45x50. H. W. Cline finished second and Mark Tugate third. E. K. Mohler won the miss-and-out event, with O. A. Evans next in ranking and C. E. Groat in third place.

EL MODFAN STARS IN HURDLE EVENTS

Verle Murray, wearing the colors of Whittier College, of which he was the sole representative, was one of the stars of the big Southern A. A. U. track and field meet at Pomona Saturday. He was forced to fast time in the hurdles by hot competition, winning first both in the 120-yard and 220-yard events. His time in the 120-yard was 15.25 seconds and in the 220-yard, 24.25 seconds flat. Charley Paddeok of U. S. C. was the other star of the meet, taking in the 100-yard dash in 9.45 seconds and the 200-yard in 21.45 seconds. Murray is the son of Mrs. Ella Murray of El Modena.

COAST LEAGUE RESULTS

| Clubs— | Won. | Lost. | Pct. |
|-------------------------|------|-------|------|
| Los Angeles | 6 | 1 | .857 |
| San Francisco | 6 | 1 | .857 |
| Oakland | 4 | 2 | .667 |
| Salt Lake | 3 | 2 | .600 |
| Vernon | 2 | 3 | .400 |
| Sacramento | 2 | 4 | .333 |
| Portland | 1 | 6 | .143 |
| Seattle | 1 | 6 | .143 |

YESTERDAY'S RESULTS

Los Angeles, 5; Portland, 4 (morning game).
Los Angeles, 9; Portland, 3 (afternoon game).
San Francisco, 6; Seattle, 1 (morning game).
Seattle, 7; San Francisco, 5 (afternoon game).
Vernon-Salt Lake, postponed, snow.
Sacramento, 7; Oakland, 5.

No games today; clubs traveling.

YESTERDAY'S ATTENDANCE
Yesterday's attendance was 32,748, divided as follows: San Francisco, morning, 6,100; afternoon, 13,940; Los Angeles, morning, 15,000; afternoon, 6,600; Sacramento, 5,200.

HOME RUN HONOR ROLL

Miller, Oakland.

In the best game of the week the Rainiers won the afternoon contest yesterday, 7 to 5. Due to Casey Smith's par excellence hurling the Seals won the morning game, 6 to 1. Smith allowed only two hits.

The Angels, by winning two games yesterday, now share the league lead with the Seals. The Seraphs took the morning contest, 5 to 4. The afternoon score was 9 to 3.

With a timely three-bagger in the sixth, Pinelli of the Senators drove three men across the plate and then stole home. As a result, Sacramento won, 7 to 5.

The Tigels and Bees were kept in their respective lairs and hives as a result of snow falling in the Mormon city.

Phil Koerner, San Francisco, led the league in batting, getting 10 hits in fifteen times at the plate. Wade Kilgler, Angel boss, was the leading base stealer, absconding with eight. Justin Fitzgerald, who seconded in base stealing, led in run getting. He netted eight. This contention does not include Sunday's games.

Pete Lapan of the Angels wound up the week with six hits out of seven in yesterday's two games.

CAMPBELL TAKES HIGH PRIZE IN GOLF PLAY

W. W. Campbell of Long Beach took high honors in the annual invitation tournament at the country club Saturday with a low gross score for the day of 72-73. "Bill" Bacon of San Gabriel won the low gross prize for the afternoon, Elmer Price of Santa Ana best net score for the day and Ed Farnsworth of Santa Ana best net for the morning. Two entrants from Riverside won prizes in the foursome play in the afternoon. There were nearly seventy people on the golf course during the play.

PRINCIPAL HIGH SCHOOL ORANGE HAS RESIGNED

A. D. Hoenshell, Will Quit
School End of Term on
Account Ill Health

ORANGE, April 14.—At a meeting of the board of trustees of Orange Union High School Saturday afternoon, A. D. Hoenshell, who has been principal of the high school for the past two years, handed in his resignation, effective at the end of the term. The condition of his health made this action necessary.

The board, regretting the cause, accepted the resignation. They expressed keen appreciation of Mr. Hoenshell's services to the school during the past two years. He had given his best to both the school and community with no thought of his own comfort or welfare.

The board exceedingly regrets that it is necessary for him to resign and feels that the school as well as the public will sustain a great loss should Mr. Hoenshell remove to some other community.

Queen Esther Society
Misses Clara Brown and Mabel Terry were joint hostesses to the Queen Esther Society which met at the Terry residence on East Chapman avenue. After the regular business session a short program of music was given. A dainty repast was served by the hostesses.

Those present were Misses Vira Coate, Mabel Coate, Helen Coate, Jean Dennis, Paloma Flint, Eugenia Lee, Lois Meyer, Clara Brown, Mabel Terry and the leader, Mrs. Murphy.

Notes and Personals
A marriage license has issued in Los Angeles to Otto H. Duker and Orpha M. Walker. Mr. Duker is a son of Mr. and Mrs. H. W. Duker of 506 East Palmyra, Orange. Miss Walker is a Long Beach girl.

John Ellistie, who has been overseas with the 53rd Coast Artillery, is home from San Francisco, where he received his discharge from military service.

Mrs. Emily V. Reed and daughter, Miss Ivo Reed, will spend next week in San Diego visiting Mrs. Reed's son, Roy Reed, who is stationed at Camp Kearny.

The El Modena Improvement Society will hold a meeting Monday evening at the El Modena school house.

A pair of twin daughters were born Thursday to Mr. and Mrs. Louis Parter of Orange.

Scissors and knives sharpened; umbrellas covered at Hawley's.

SUMMER TOURIST RATES ARRANGED

WASHINGTON, D. C., April 14.—F. E. Batturs, assistant passenger traffic manager of the Southern Pacific and Western Pacific railroads, announced today that the United States Railroad Administration had authorized the publication of low round-trip summer tourist fares to western resorts in the Sierras and Santa Cruz mountains, to Lake Tahoe, Yosemite Valley, Crater Lake, Yellowstone Park, Glacier Park, Grand Canyon, Shasta and Feather River regions and practically all other summer resorts to which it has been customary to sell summer tickets in the past.

The sales dates will be May 30 to September 30, inclusive, except fifteen-day tickets will be sold on Friday and Saturday. There will be two general classes of fares: for tickets limited to three months from date of sale, carriers under federal control will make a reduction of 20 per cent from double the one-way fare; and for the fifteen-day tickets sold on Friday and Saturday, the reduction will be one-third. Fifteen-day ticket will not be sold to points more distant than four hundred miles.

German Saw Tooth Bayonet Shown As Soldier's Souvenir

A German sawtooth bayonet, picked up on the battlefield of St. Mihiel, was shown on the streets here today by G. J. Schwenk of Sanger, Fresno county, and N. H. Leonard of 2227 North Broadway, at whose home Schwenk and his twin brother, Phil K. Schwenk, were raised. It is a murderous-looking weapon. In length the blade measures fourteen inches. The back of the blade has a double row of saw teeth pointed toward the point of the bayonet. The bayonet bears the makers mark, the German emperor's crown and the word "Erfurt." Schwenk was with the construction and truck departments of the aviation service on several of the famous sectors of France. He received his discharge in February. His brother is in the service in Siberia.

Automobile pumps repaired. Live, say.

If you desire to look your best, Sutorium cleaning will do the rest. Call 279. 421 North Main.
